This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the First Week of school. Due credit will be given you for filing this report promptly.

County Superintendent of Schools

TO THE TEACHER:

				TO	THE TEACHER:							

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me immediately after school is organized. Due credit will be given for filing this report promptly.

COUNTY SUPERINTENDENT OF SCHOOLS.

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me immediately after school is organized. Due credit will be given for filing this report promptly.

This Preliminary Report should show the present organization of your school, and the condition of your school-room and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the First Week of school. Due credit will be given you for filing this report promptly.

TEACHER'S REMARKS ON CLASSIFICATION

School well classified

TO THE TEACHER:

This preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink and mail to me immediately after school is organized. Due credit will be given you for filing this report promptly.

TO THE TEACHER:

This preliminary Report should show the present organization of your school, and the condition of your school-room and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at close of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

Failure to file this Reportin the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Gertificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

List of Jeff Books. Do you spec Readerd Farpers in giving spec Orithmedics Whites new in giving spec Chrorology Brands & Howells Do you have Standard Forth Jack. Reader grade Civil Hort. Il. & Ration week besides History Parne's new Do you gir Writing Thurscalar Thorth grades daily?

Write Answers to the following Questions:

Is your daily program posted up in your school room?

Do you make daily preparation for your work?

Do you give Oral Language Lessons to the

First and Second Reader classes, and have

them write from ten to twenty minutes daily?

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades?

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work?

Do you give Number Work to the lower

Do you try to decorate your school room?

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

TEACHER'S REMARKS TO SUPERINTENDENT

(Note.—State what your school needs in apparatus, black-boards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director. &

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade-If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other

in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room ?___

Do you make daily preparation for your

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? I do. Often wite more

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades?

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? 480

Do you give Number Work to the lower grades daily ?.....

Do you try to decorate your school room?

room with pectures, portraits and a number of plants and flowers.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Super-

intendent's office

· Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

Ascertain in which grade of the Course each Jupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies.

(Sce sample form in Register.) 3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superin-

tendent for all pupils who finish the course of study.
4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Super-

intendent's office,

Please endeavor to have a Register provided for school at once, so that all the schools may be d before the end of the term.

to Classify Your School in the Classification Register.

Read the course of study carefully; notice ber of grades and the work that each grade

Ascertain in which grade of the Course each ipil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found,

under the headings for these respective studies. (See sample form in Register.) -3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should

show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superin-

tendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which

he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing o' opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room?___Clf Do you make daily preparation for your work?_ Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? ______ Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Nearly always Do you give Number Work to the lower grades daily? <u>UES</u> Do you try to decorate your school

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

All kukils well
supplied with books.
The Seventh year
Arithmetic Class took
To minutes after noon
for Book Keeping. I
should be glad to know
a better time to give
it, during the 8th Month

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Super-

intendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies.

(See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superin-

tendent for all pupils who finish the course of study.
4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the

most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your
school room? Leo
Do you make daily preparation for your
work? Les.
Do you give Oral Language Lessons to
the First and Second Reader classes, and
have them write from ten to twenty minutes
daily? not always that long.
Do you spend at least fifteen minutes
daily in giving special drills in writing to
all grades?
Do you have those in the Third and
Fourth Reader grades write at least one
letter each week besides other language
work?
Do you give Number Work to the
lower grades daily? Les
Do you try to decorate your school
room?

All persons are warned against making or publishing this blank, or any on of it, as it belongs to a series consisting of "Welch's System of ification of it, as it belongs to a vision," and is under copyright.

cilure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Super-

intendent's office

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies.

(See sample form in Register.) 3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superin-

tendent for all pupils who finish the course of study.
4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your
school room? Yes
Do you make daily preparation for your
work? Les
Do you give Oral Language Lessons to
the First and Second Reader classes, and
have them write from ten to twenty minutes
daily?
Do you spend at least fifteen minutes
daily in giving special drills in writing to
all grades?
Do you have those in the Third and
Fourth Reader grades write at least one
letter each week besides other language
work?
Do you give Number Work to the
lower grades daily? Yes
Do you try to decorate your school
room? Yes
()

Teacher's Remarks to Superintendent

(NOTE-State what your school needs in apparatus, blackboards, etc.; also
give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advance-
ment of your school, etc.)
It is impossible to give
exactly the pagis cavassed
because every study has
been given according to
the state Course so I have
given the work on pages
corresponding to Course

(See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.
4th. The "Syllabus of Classes" shows every

class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

Teacher's Remarks to Superintendent

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which be has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Section 9808. "The county superintendent shall require of each teacher under his supervision a term report, giving name, classification and grades of each pupil: Provided, that in schools employing more than one teacher the term report for the entire school shall be prepared and filed by the principal in charge. No teacher shall receive the last month's salary until he presents a receipt for the term report, signed by the county superintendent." (Revised Statutes 1909.)

Write Answers to the following Questions:

Is your daily program posted up in your
school room?
Do you make daily preparation for your
work ?
Do you give Oral Language Lessons to
the First and Second Reader classes, and
have them write from ten to twenty minutes
daily?
Do you spend at least fifteen minutes
daily in giving special drills in writing to
all grades?
Do you have those in the Third and
Fourth Reader grades write at least one
letter each week besides other language
work ?
Do you give Number Work to the
lower grades daily?
Do you try to decorate your school

room?

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Super-

intendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which

will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

<u> </u>
Is your daily program posted up in your
school room?
Do you make dally preparation for your
work?
Do you give Oral Language Lessons to
the First and Second Reader classes, and
have them write from ten to twenty minutes
daily?
Do you spend at least fifteen minutes
daily in giving special drills in writing to
all grades?
Do you have those in the Third and
Fourth Reader grades write at least one
letter each week besides other language
work?
Do you give Number Work to the
lower grades daily? <u>WW.</u>
Do you try to decorate your school

Failure to File this Report in the Superintendent's Office will be entered in his Record against the Teacher as a Dereliction of Duty.

This reporting sheet corresponds to the classifica-This reporting sheet corresponds to the classification section of your Combined Register; please fill it out with ink from your Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Combined Register in your School let me know at once; also inform the President of your School Board or your Director. or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that your school may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of forms and the work that each form in-

2d. Ascertain in which form of the Course each pupil has most of the work, and classify him in that form. If he has not all of his studies in this form, mark the form in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course, and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classifica-

tion left by their predecessors without good reason.
6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he

has just finished. In making your recommendations in the section at right of "Pages Canvassed this Term," be just. This section classifies this school for your successor. Make no recommendations that you would not follow scrupulously were you to continue work in this school next term.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents are valuable helps and may be ob-

tained from the County Superintendent.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

The following will assist you in making your Report accurately:

Total Number of Days of Absence—This will be the sum of the days of absence of all pupils enrolled during the term. Do not count the days a pupil was "dropped" as "days of absence." When a pupil is "dropped" he is not a member of your school and hence cannot be considered as "absent" in the sense in which the word "absent" is here used.

Absence that is less than half a day will be re-Absence that is less than half a day will be reported as a half day's absence; for example, if a pupil comes before the close of the forenoon recess, count him tardy only; but if he should not arrive until after the forenoon recess, count him absent a half day. Observe the same rule for the afternoon

Total Number of Days of Attendance—This will be the sum of the days of attendance of all pupils enrolled during the term. The total number of days of attendance, plus the total number days of absence, should ALWAYS equal the total number days of morphorship. This feet will appell you to tot the

membership. This fact will enable you to test the accuracy of your results.

Average Daily Attendance—This is found by dividing the total days of attendance by the number of days taught. Always express the quotient as a whole number. A fraction that is less than a half should be dropped, but a fraction that is a half or, more should be called 1.

Number Violating Compulsory Attendance Law— The law requires all pupils between the ages of seven and sixteen to attend school regularly at least twenty-four consecutive weeks. It does not apply to pu-

pils who live more than two miles from school.

Whole Number of Days Taught—Count every day
for which you draw pay as taught.

Average Cost of Tuition per Month per Pupil This
is found by dividing the amount paid the teacher per
month by the average daily attendance for the term.

P. 76 93 1

Write Answers to the Following Questions:

Willo Wilding to the Lengthing Agentone.
1. Is your daily program posted up in your
school room?
2. Do you make daily preparation for your
work?
3. Do you give Oral Language Lessons to
the First and Second Reader Classes, and have
them write from ten to twenty minutes daily?
20 minutes though 4. Do you spend at least fifteen minutes
daily in giving special drills in writing in all
grades?
5. Do you have your pupils use pen and
ink in Writing Lessons?
6. Where do you expect to teach next term?
Hornsby, Ill.
7. If you do not at present have a position
for next term, will you notify this office as
soon as you get the promise of a position—and
give the name of the school?

school, etc.) suded very some supplementary Should be made

Value of apparatus \$.....

1

Failure to fill this report and file it with the county superintendent and to leave a copy of it in the Classification register, will be sufficient cause to refuse renewal or registration of the certificate.

1 This report agrees with the outline for this County and the State Course.

Pupils shall complete the work outlined for each year and spend the rest of the time in review.

The classification report in your register and the daily program you leave will be of much help to your successor. They should be filled very carefully.

The following will assist you in making your Report accurately:

Total Number of Days of Absence—This will be the sum of the days of absence—Ins will be the sum of the days of absence of all pupils enrolled during the term. Do not count the days a pupil was "dropped" as "days of absence". When a pupil is "dropped" he is not a member of your school, and hence cannot be considered as "absent" in the sense in which the word "absent" is here used.

CONVENIENT DIRECTIONS

(How to find)

- 1. Number Belonging Each Day.—From total number enrolled subtract the number whose names have been dropped.
- 2. Average Number Belonging. Divide the total number of days all pupils belonged by number of days taught.
- 3. Average Daily Attendance.—Divide the total number of days attended by the number of days taught. Express the quotient as a whole number.
- 4. Average Cost of Tuition per Month.—Divide amount paid teacher per month by the average daily attendance for term.
- The Total Number of different persons enrolled during the year is found by taking the sum of the total enrollment for the first term, the number enrolled second net annual the first, and the number enrolled the third not enrolled the first or second term.

COMPULSORY ATTENDANCE LAW

The law requires all pupils between the ages of seven and sixteen to attend school regularly at least twenty-four consecutive weeks, beginning Sept. 1st.

Whole Number of Days Taught-Count every day for which you draw pay as taught.

PLEASE ANSWER FULLY

NOTICE.

Make out this report in duplicate, except in districts having two or more buildings and a superintendent, and file one copy with the clerk of the school board to be filed with the township treasurer, and mail the other copy to the county superintendent at the close of school.

In districts having two or more buildings and a superintendent, only one copy is to be made by the Principal of each building and filed with the Superintendent, who is to consolidate the several reports and make one copy for the Clerk of the school board to be filed with the township treasurer, and one to be mailed to the County Superintendent at the close of school.

Teachers' Annual Report FOR School Jist. No. L. A. L. County, Ilinois, for school year ending June 30, 1915. School closed. L. A. L. L. L. L. L. L. L. L. L. L. L. L. L.	Filed CAMAL 2. 2, E. Co. Supt. Teacher or Principal. Teacher or Principal. Teacher or Principal. 1915. Clerk or Co. Supt. CLINOIS PRINTING CO., DANVILLE, ILL.

NOTICE.

In districts having two or more buildings and a superintendent, only one copy is to be made by the principal of each building and filed with the superintendent, who is to consolidate the several reports and make two copies of the same and file with the county superintendent at the close of school.

Teachers are requested to fill out each item of this report. This is the initial report for data that is consolidated for the State and forwarded to the U.S. Commissioner of Education. Much depends upon the accuracy of your answers.

SCHOOL YEAR 1924-1925

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filled with the County Superintendent within one week after the close of school.

SCHOOL YEAR 1943-1944

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. One copy is to be filed with the County Superintendent within one week after the close of school.

Teacher's Annual Report FOR School District No. 108 Macaultur County, Illinois, for school year ending Juge 30, 1945. Building is in Township & Range 6 School closed April 37, 1945 Made by Lukth Teacher or Principal Teacher or Principal Filed Co. Supt. Co. Supt.	

SCHOOL YEAR 1945-1946

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. One copy is to be filed with the County Superintendent within one week after the close of school.

POARD OF DIRECTORS, DISTRICT 108

Earl Atterberry, Pres. Louis Niehaus, Clerk Andrew Schwab Litchfield Litchfield Litchfield Mr. Louis Michaus, Clerk Board of Directors, District #108 Litchfield, Illinois

Gentlemen:

On Movember 2 I visited the Hornsby School, District #108. Mr. William Sielschott is well qualified and experienced for his work. He is one of the best teachers in Macoupin County. I am sure you appreciate his work in your community as you have reemployed him many years.

You are to congratulated upon the way you have kept your school on the recognised list and also in equipping it so that it meets the needs of the pupils in the community. The new maps which you recently purchased are a valuable addition. Also, the electric lights and radio are a hig help. When you have the money, a few charts for physiology would be helpful to the pupils.

Sincerely yours,

I. K. Juergensmeyer County Superintendent of Schools

Subjects Schools- Macoupin County.

Normally School, Dist. #108
Engraption report.

July 20, 1938

Poard of Directors School District #108 Att: Louis Mehans, Clerk. Litchfield, Ill.

Contlement

Dased on an inspection of the samitary facilities at Mornsby School. Dist. \$108, Macoupin County made July 12, 1938 we conclude that the following samitary defects exist:

- a) The well is subject to contamination by shallow ground water secrege which may enter through crashs that can develop in the brick well lining; rain, waste puspage, dust, bird and dog contamination which may enter the well through cracks in and around the beards which support the pusp; dust, bird and dog contamination that may be washed into the well through openings in the base of the pusp; contaminated waste puspage which will asturate the ground surrounding the well and which may re-enter it.
- b) The privies are insanitary as they are accessible to flies, insects, and redents because of the upprotected openings in the seats and vaults, the unsersened vents. The urinal is in a poor state of repair and causes urine to be discharged onto the ground. The privies are unreasonably dirty.

In order to correct these sanitary defects at the school we recommend the following improvements:

- 1. Pour a C inch reinferced concrete well around the outside of the present well lining to a depth of at least 8 feet below the surrounding ground surface. Directions for much construction are shown on page 8 of the enclosed balletin.
- 3. Reconstruct the well platform with a 4 inch concrete slab extending beyond the walls at least one foot in all directions. A short iron pipe sleeve, whose disaster will allow the passage of the pump cylinder, should be placed in the platform at the time of construction. Sleeve should extend about one inch into the pump base. The purp should rest directly on the concrete and be firmly bolted in place. This is shown in Fig.6 of the enclosed bulletin.
 - 5. Replace the gump with a purp having a one-piece circular base.
- 4. Provide a substantial, water tight trough 15 feet in length to carry waste purpage away from the impediate vicinity of the well.
- 5. Sterilize the well water after the above improvements have been made and before it is used for drinking purposes. The procedure for sterilization is described on pages 16 and 17 of the enclosed bulletin.

STATE OF ILLINOIS HENRY HORNER GOVERNOR DEPARTMENT OF PUBLIC HEALTH SPRINGFIELD

ASSISTANT DIRECTOR

A. C. BAXTER, M. D.

ACTING DIRECTOR

ADDRESS ALL CORRESPONDENCE TO THE ACTING DIRECTOR

CHIEF SANITARY ENGINEER CLARENCE W. KLASSEN

(Jago 2).

- 6. Seal the improtected openings in the seats and vanite so that the resilie will be flytight.
- 7. Sursen the vents with 16 mesh sopper screen wire to prevent the entennes of flice.
- 8. Repair the primal in the boy's privy. The wrinal should be a substantial trough, lined with a non-corrosive sheet metal. Provide a necessary pit, into which the primal should drain, Pit should be of bushess atoms or gravel, and should be covered with earth.
- 9. Keep the privies in a clean and sanitary condition at all times. A well kept privy promotes carefulness and sanitary handling by its users.

In view of the poor condition of the privies and the number of imprevenents necessary to make them sanitary, we suggest that the Board of Directors consider the installation of the "Sanitary Pit" privy. This type of privy has many advantages ever other type of privies, the principal advantage being the presention of disease by fly transmission. For a limited period these privies can be obtained through a W.P.A. project in Becompin County. The only cost to the school district being the cost of material, and heuling. Mr. Virbel F. Molen is in charge of this project, and further information may be had by addressing him sy Nox 77, Nilwood, Ill.

Since the school officials are responsible for the protection of the pupils' while at school, it is important that the above recommendations be fulfilled.

If the engineer of this department can be of service in connection with your water enguly or severage problems, we shall be pleased to be so advised.

This analysis shows that the water was somewhat contaminated at the time sample was collected and therefore not safe for drinking. such contamination frequently persists for a while after a well has been repaired. This condition may clear up within a few weeks. I shall, however, take another sample in the near future to determine whether or not it has cleared up. If this next analysis shows no improvement, I shall be glad to sterilize the well for you.

Mar/ar

Copy to: Karl H. Kerstein County Supt. of Schools Carlinville, Ill. Yours very truly,

E. L. Wittenborn

Sanitary Engineer, Dist. #15

CONCERNING THIS SANITARY ANALYSIS

The statements on the reverse side are based not only on the analytical results, but also on the description of the source as furnished by you or already on file in this office. It is further recommended as follows:

- (a) If the water is unsafe to drink, abandon the supply for one of known safety or bring the water to a boil before use, until the suggested improvements have made the supply safe.
 - (b) If the source is not satisfactory, make the suggested improvements immediately.
 - (c) If the water is safe, take care to keep it safe by protecting the supply against contamination.

A laboratory examination of the water has been made to show the presence or absence of waste matter of human or animal origin. If the water is contaminated by surface wash or sewage, then parasitic intestinal worms, amebic cysts or germs of intestinal diseases, such as cause bowel complaint, diarrhea, dysentery or typhoid fever, may be present in the water, thus endangering the health of persons drinking the water. The analytical terms and results are briefly explained as follows:

Physical and Chemical Tests: "Sediment' through "Chloride." A desirable water has an attractive appearance (no sediment or turbidity) and has no objectionable odor or taste. Chemical results are given in parts per million.

Bacteriological Tests: "Bacteria per ml." indicates the number of microörganisms present in one milliliter (ml.) of water (20 drops). The result reported gives the number of bacteria which will grow at body temperature (37°C or 98°F). These bacteria may not be of intestinal origin and therefore may not be of sanitary importance. Occasionally the test plates are overcrowded so that no bacterial count can be obtained. In such case the report shows "Innumerable" indicating more than 1000 bacteria per ml.

"Coli-type bacteria" "Presumptive Tests" "Confirmatory Tests": A water containing bacteria of intestinal origin (E. coli and A. aerogenes, also known as "coliform" bacteria), if placed in a sugar broth (lactose), will cause fermentation and production of gas in 24 or 48 hrs. By means of further laboratory tests the presence of these bacteria in 10 ml. portions is indicated by a +, their absence by a—. The numeral preceding the sign shows the number of portions giving that result.

Example: 2+3— indicates that two 10 ml. portions of the sample did show and three portions did not show coli-types of bacteria present.

After receipt of the sample in the laboratory it requires from two to six days to complete the sanitary or bacteriological analysis.

STATE OF ILLINOIS

VERNON L. NICKELL

SUPERINTENDENT OF PUBLIC INSTRUCTION

RURAL SCHOOL ANNUAL REPORT AND APPLICATION FOR RECOGNITION

For School Year 1944-1945

To be filed by all districts with one or two teachers

This report is to be made in triplicate by the teacher and signed by both the teacher and the clerk of the board. The teacher is to keep one copy for the files of the school. Not later than October 1st, two copies are to be delivered to the county superintendent of schools who, in turn, will forward a copy to the State Office. For assistance in filling in the report, see the Rural Elementary School Handbook, Office of Superintendent of Public Instruction.
