I followed the State Course of Study in all branches

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? *It is*

Do you make daily preparation for your work? *I do*

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily?

I do

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades?

I do

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work?

Do you give Number Work to the lower grades daily? *I do*

Do you try to decorate your school room? *I do*

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

1907-1908

TEACHER'S REMARKS TO SUPERINTENDENT

(NOTE.—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

As Called for by the Course of Study.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (*not Attendance Register*); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Section 9808. "The county superintendent shall require of each teacher under his supervision a term report, giving name, classification and grades of each pupil: Provided, that in schools employing more than one teacher the term report for the entire school shall be prepared and filed by the principal in charge. No teacher shall receive the last month's salary until he presents a receipt for the term report, signed by the county superintendent." (Revised Statutes 1909.)

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes

Do you make *daily* preparation for your work? Most every day

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Yes

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Not every day

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Not every week

Do you give Number Work to the lower grades daily? Yes

Do you try to decorate your school room? Yes

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

The coal house is very much in need of repair.
Erasers are needed.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes

Do you make daily preparation for your work? Yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? I do

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Yes

Do you give Number Work to the lower grades daily? I do

Do you try to decorate your school room? Yes, our room looked well.

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

The school room needs the benches replaced or at least fixed, as nearly all of them cannot be used. They are in bad condition. The room needs a new threshold piece since the old one is worn out & makes the room exceedingly cold at times. The children are all short and look & they cannot get them in the book stores down here, and for various other reasons are inclined to be careless about getting them.

SPECIAL REPORT

Give general condition of your schoolroom: with regard to cleanliness, desks, stove, windows and decorations
Room fairly clean, desk too few and in bad condition, stove poor, windows small and dirty, decorations plentiful.

No. volumes in library None General condition of library books _____ Do you keep a
Library Record? _____ Have you a suitable book-case? _____ Give full name of dictionary as it appears on the
cover None Condition _____ Kind of blackboard in use Slate & Plaster

Condition Poor What is the general condition of your school grounds? Small, rough, dirty
weeds still standing on most of grounds

No. living trees on school grounds 3 or 4 bushes State condition of outbuildings, Boys' Fair
Girls' Fair Coal house Fair Teacher's salary per month, \$ 70.00

Term ends March 7th unless continued 1908
Teacher's name L. E. Wilhite Address while teaching Hornsby, Tex.

TEACHER'S REMARKS ON CLASSIFICATION

Conditions
We have no library or dictionary and are forbidden to have an entertainment or box social to get money to buy even the most needed things with. Even singing as opening exercise is forbidden in this district. It seems a teacher at North Bend School two years ago or more had so many socials and a teacher at Sawyerville about the same time did so much singing in school that the Board wisely became angry and unwisely went to the other extreme and prohibited socials and singing altogether. Therefore although we are ready and willing to start a library and procure a ~~teacher~~ dictionary we are without means and are denied a right to raise money.

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the FIRST WEEK of school. Due credit will be given you for filing this report promptly.

County Superintendent of Schools

First Week's Classification Report

Of the Sauyerville School, District No. 156, Macoupin County, Illinois.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes

Do you make daily preparation for your work? Yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Yes

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Yes

Do you give Number Work to the lower grades daily? Yes

Do you try to decorate your school room? Yes

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (*not Attendance Register*); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? *Yes sir.*

Do you make *daily* preparation for your work? *Yes sir.*

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? *Yes sir.*

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? *Yes sir.*

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? *Yes sir.*

Do you give Number Work to the lower grades daily?

Do you try to decorate your school room? *Yes sir.*

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? *Yes*

Do you make *daily* preparation for your work? *Yes*

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily?

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades?

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? *Yes*

Do you give Number Work to the lower grades daily?

Do you try to decorate your school room? *Yes*

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

1907-1908

TEACHER'S REMARKS TO SUPERINTENDENT

(NOTE.—State what your school needs in apparatus, black-boards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

First seven months of State Course

First seven months of State Course

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes

Do you make daily preparation for your work? Yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? No

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? No

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Sometimes

Do you give Number Work to the lower grades daily? No

Do you try to decorate your school room? No

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

This school will need new black boards, a line around the stove & the ceiling & walls whitened. The school is greatly in need of reference books a dictionary & a cyclopaedia.

GREEK AND ROMAN HIST.

1910-1911

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

This school needs a library of reference books, a new blackboard and a longer term of school. The parents should be forced to send the children regular.

TEACHERS' ANNUAL REPORT

SCHOOL YEAR OF 1918-19

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valued service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below) 160.324

4b. Total days attendance of all high school pupils (above 8th grade)

4c. Average daily attendance of all high school pupils (above 8th grade) (See note below)

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

TEACHERS' ANNUAL REPORT

SCHOOL YEAR 1922-1923

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

- * 1. Name of School Laurensville Dist. 156 Macoupin County, Illinois.
Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.
Elementary

Kindergarten	1st Yr.		2nd Yr.		3rd Yr.		4th Yr.		5th Yr.		6th Yr.		7th Yr.		8th Yr.		Total		
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	
	20	20	18	19	21	21	10	14	16	7	10	10	18	13	10	15	4	3	107

- * 2. Secondary (High)—(See note after "Enrollment" above).

Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls

- * 2a. How many of the above were enrolled this year in some other district of this state before enrolling in this district..... Boys 1..... Girls..... Total.....
- * 3a. Length of school year in months..... Nine
- * 3f. Actual number of days school was in session..... 178
- * 4. Total days attendance of all pupils enrolled in both elementary and high school 32 767.75
- * 4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below 4c)..... 184
- 4b. Total days attendance of all high school pupils (above 8th grade).....
- 4c. Average daily attendance of all high school pupils (above 8th grade) (See note below)
(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

TEACHERS' ANNUAL REPORT

SCHOOL YEAR 1925-1926

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

1. Name of School Sauzeville Graded School Dist. 156 Macoupin County, Illinois.
Enrollment: Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.
Elementary

Kindergarten	1st Yr.		2nd Yr.		3rd Yr.		4th Yr.		5th Yr.		6th Yr.		7th Yr.		8th Yr.		Total	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls
			21	12	8	9	11	9	9	16	13	11	8	13	11	6	10	9
																	91	85

2. Secondary (High)—(See note after "Enrollment" above).

9th Yr.		10th Yr.		11th Yr.		12th Yr.		Total		Grand Total (Elem. and High.)	
Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls

- 2a. How many of the above were enrolled this year in some other district of this state before enrolling in this district. Boys 5 Girls 8 Total 13
- 3a. Length of school year in months Eight
- 3b. Actual number of days school was in session 162
- 3c. Number of days when fewer than 5 pupils were present 0
4. Total days attendance of all pupils enrolled in both elementary and high school 26 473
- 4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below 4c) 16.3
- 4b. Total days attendance of all high school pupils (above 8th grade) _____
- 4c. Average daily attendance of all high school pupils (above 8th grade) (See note below) _____
(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)
5. Number of eighth grade graduates or promotions. Boys 10 Girls 9 Total 19

TEACHER'S ANNUAL REPORT

SCHOOL YEAR 1946-1947

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. One copy is to be filed with the County Superintendent within one week after the close of school.

Name of School Stamperville Dist. No. 156 County, Illinois

Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they have left the district.

1. TEACHERS AND ENROLLMENT

Elementary (See note after "Enrollment" above.)

Number of Teachers			Kinder-garten	1st Yr.	2nd Yr.	3rd Yr.	4th Yr.	5th Yr.	6th Yr.	7th Yr.	8th Yr.	Special Classes	Total
Men	Women	Total											
	3	3		1	5	6	5	4	6	4	9		40

High School (See note after "Enrollment" above.)

Number of Teachers			9th Yr.	10th Yr.	11th Yr.	12th Yr.	Post Graduates and Special Classes	Total	Grand Total (Elem. and High)
Men	Women	Total							

* 1a. How many of the above were enrolled this year in some other district of this state before

enrolling in this district? Elementary High School

* 2. Length of school year in months 9

* 2a. Actual number of days school was in session 181
(Same as item 4 on claim for state aid) (include holidays and institute days)

* 3. Total days attendance of all pupils enrolled in grades kindergarten to eight inclusive 6894.5
(Same as item 5 on claim for state aid)

* 3a. Average daily attendance of all pupils enrolled in grades kindergarten to eight inclusive. (See note below 3cx) 36.29
(Same as item 6 on claim for state aid)

* 3x. Total days attendance of all pupils in grades kindergarten to eight inclusive, exclusive of tuition pupils 6894.5
(Same as item 5a on claim for state aid)

* 3ax. Average daily attendance of all pupils in grades kindergarten to eight inclusive, exclusive of tuition pupils 36.29
(Same as item 6a on claim for state aid)

NOTE: Do not allow more than 1/2 day per day for Kindergarten in items 3, 3a, 3x, 3ax.

3b. Total days attendance of all pupils enrolled in high schools.
(Same as item 5 on claim for state aid)

3c. Average daily attendance of all pupils enrolled in high school. (See note below 3cx)
(Same as item 6 on claim for state aid)

3bx. Total days attendance of all pupils enrolled in high school, exclusive of tuition pupils.
(Same as item 5a on claim for state aid)

3cx. Average daily attendance of all pupils enrolled in high school, exclusive of tuition pupils.
(Same as item 6ax on claim for state aid)

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the average of the units composing the group. For example: The principal of a two-room school should enter in Item 3a the sum of the average of the two rooms. The superintendent of a city system of schools should enter in Item 3a the sum of the average of the various ward schools. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

* 4. Number of eighth grade graduates or promotions (9) none Total 9

* 5. Number of elementary tuition pupils attending the school Total —

6. Number of high school graduates (Four year) Boys Girls Total

7. Number of high school tuition pupils attending this school Total

* 8. Number of school buildings in the district used by elementary school Public Rented Total

8a. Number of school buildings in the district used by high school Public Rented Total

* 14. Number of libraries

* 14a. Number of volumes in libraries exclusive of supplementary reading books for class use 206

REPORT OF DIRECTORS OR BOARDS OF EDUCATION FOR CENSUS AND OTHER ITEMS

(To be Filed by the Clerk of the Board on or Before July 7th)

To Treasurer of Twp. 7 Range 6For year ending June 30, 1920Name of District Sawyerville No. 156 Macoupin County, Illinois

1. School Census:

All Under 21 Years of Age		
Boys	Girls	Total
437	364	801

Between 6 and 21 Years of Age		
Boys	Girls	Total
356	287	637

Date of Census

June 29 1920

18. Value of all school property (including both elementary and high schools):

Sites and buildings..... \$ 15,000Equipment (furniture, library, apparatus, etc.)..... 200Total \$ 15,200

18a. Value of high school property:

Sites and buildings or portions thereof used by all grades above the eighth..... \$ —Equipment (furniture, library, apparatus, etc.) by all grades above the eighth..... —Total \$ —

NOTE.—In case the high school and the grades occupy the same building, the amount to be apportioned to the high school may be estimated by noting the proportional amount of floor space occupied by the high school. The number of class-rooms occupied by the high school and the grades, respectively, often affords a convenient method of obtaining the proportion desired. In case this method proves inexpedient, a division based on relative attendance will be acceptable.

21. Amount of all taxes levied for school purposes, made last August oldly 300' Deducted 7000 n \$ —22. Amount of bonded indebtedness June 30, (Important—Consult Register of Bonds in District Record)..... \$ 6000 n

25. Number of persons between the ages of 12 and 21 who are unable to read and write: Boys..... Girls..... Total.....

27. Amount of endowment or permanent fund belonging to this district (not township fund)..... \$ —

The school census is to be taken near the middle of June or before the first of July.

Fill out all the items above for the treasurer of that township in which your school house is located, showing the census of that part of the district in his township.

If your district extends into other townships, fill out Item 1, only, for that part of your district in those townships and file with the treasurer of the same. This permits your district to draw its share of the distributive fund in those townships.

1933

To Directors,
Sawyer's School District #156,
Macoupin County, Illinois.

Dear Sirs:

Today your County Superintendent Mr. Wilhite and I visited your school. I was pleased to see your school and to meet your teachers. It seems that much of the work is starting in very good order.

I make the following suggestions:

(1) Your opening to the well should be a concrete cover that would not allow a drop of water to enter the well.

(2) The inside of your rooms is very good except the areas of broken plaster.

(3) The floor should be thoroughly cleaned and treated with a thin covering of light colored floor oil to retain the fine color of the wood.

(4) The teachers of the first three grades need two sets of supplementary readers for the children of those grades as they cannot do satisfactory work without them. I hope you may get the Pupils Reading Circle books for your children this year as they would get much pleasure and information out of them.

(5) Your library is small but it will soon be satisfactory if you add the Pupils Reading Circle Books and a few other worthy books annually.

(6) It would be fine if you could have seat work books for reading for the children of the first three grades.

When you make improvements or purchase supplies please confer with Mr. Wilhite as he can do much to help you to secure correct service.

These suggestions are made to the end that your children may have the best possible school privileges.

Very truly yours,

Assistant Superintendent

CHW*FR

January 29, 1937

Mr. Glen Cox,
Principal, Elementary School,
Sawyer'sville, Illinois

Dear Mr. Cox:

On January 20, in company with County Superintendent Kerstein, I visited your school. I have the following report to make, which I hope will serve as a guide to you in the further improvement of your school.

You have a good building which has been kept in a good state of repair. It is unfortunate that the building is constructed in such a way that in some of the rooms most of the light comes from the right of the pupils instead of the left. I was pleased to note the new floor upstairs, and to learn that you expect to floor the lower rooms next summer. In order to take good care of these floors it would be wise to provide a strip of concrete walk in front of the school building and to get a large steel door mat.

This school rates high enough to merit Recognition, but there are certain deficiencies in equipment which should be attended to as soon as possible. In fact, these must be provided if the school is to have its Recognition renewed next year. The items are as follows: Bulletin board; library table with chairs in each room not already provided with one; storage cabinet in each room not already provided with one; new maps; good pictures for the walls; Reading Circle books; and supplementary readers for the first four grades. It is reported that you are planning to order these supplementary readers. A school of this size should have a hectograph or duplicator.

It is also expected that since this school has no parent-teacher association or similar organization, you will hold at least four meetings a year of a public relations type. The requirement for this year will be satisfied by holding two meetings during the second semester. In a few days you will receive a Certificate of Recognition good for the school year 1936-37.

Very truly yours,

ESS:EO

CC: Co. Supt.

E. S. Simmonds
Assistant Superintendent

March 3, 1944

Members of the Board of Directors
Sawyererville School, District #156
Sawyererville, Illinois

Gentlemen:

I visited the Sawyererville School on the third of March. You have an excellent set of teachers. I think they are doing a very efficient piece of work, and I hope that it will be possible for you to keep them in your school, as it is difficult to secure good teachers. Even if you have to raise their salaries in order to keep them, it would be much better than to take a chance on new teachers.

I want to congratulate you upon the interest you have taken in your school. You have a very good plant, and I hope that it won't be long before your enrollment increases, so that you can have another teacher, as three grades to a teacher make a heavy teaching load.

There are a few things I would like to mention that I hope you can take care of as soon as you get the necessary funds. The first is your library. It is in pretty bad shape in all of the rooms. I hope that you can buy the Pupils Reading Circle books from the State Reading Circle Board at once, as your children need books to read. If you did not buy them last year, perhaps you can buy both sets this year. They should be purchased each year, as they are the cheapest and best books that you can buy. You also need a half dozen book-size dictionaries for the upper grades. A set of physiology charts are also necessary for the teaching of health.

The following are secondary items which you should keep in mind:--a radio, phonograph, first aid kit, fire extinguisher, pictures, new shades, and fluorescent lamps. The money that you spend for renting a moving picture machine might be used for buying a machine for your school on the installment plan, and in a few years you would own your own machine. The pictures could be rented from the University of Illinois and other places at a low cost.

2 -- Report of visit to Sawyerville School

If the floors are cleaned, and then sealed and waxed, they will stand up a lot better and also help the appearance of the room. The walls should be redecorated. Perhaps you should use an oil paint in place of the calcimine, which is peeling off and looks rather untidy.

Very truly yours,

I. H. Juergensmeyer
County Superintendent of Schools

I.H.J.:b
