Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes

Do you make daily preparation for your work? Yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Yes

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Yes

Do you give Number Work to the lower grades daily? Yes

Do you try to decorate your school room? Yes

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes.

Do you make daily preparation for your work? Yes.

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Yes.

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes.

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Do not teach these grades.

Do you give Number Work to the lower grades daily? Yes.

Do you try to decorate your school room? Yes.

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

First of all this school needs another teacher.

We have the painted black-boards and I would like to have the slate boards and enough of it.

Although the school isn't very well equipped, I think our directors will aid us in getting better equipments this year.

Of School in District No. 156 Township of _____ County of Macquarie
For the Term commencing September 5th 1901, and ending May 10th 1902.

[illegible]

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes.

Do you make daily preparation for your work? Yes.

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Yes.

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes.

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Do not teach these grades.

Do you give Number Work to the lower grades daily? Yes.

Do you try to decorate your school room? Yes.

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

First of all this school needs another teacher. We have the painted black-boards and I would like to have the slate boards and enough of it. Although the school isn't very well equipped, I think our directors will aid us in getting better equipments this year.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? _____

Do you make daily preparation for your work? _____

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? _____

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? _____

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? _____

Do you give Number Work to the lower grades daily? _____

Do you try to decorate your school room? _____

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

1. Apparatus, Map of U.S.
Globe, Manakin maps
Library & Books, Slate
Blackboard oiled floor
or Dustless brushes for
sweeping & cleaning
Nearly every pupil
in my school lacks
one or more of the
necessary books.
How to remedy this
evil, I should be pleased
to learn.

I have no other particular
suggestion at this time,
but personally, I think
the Co. Sup. visit to each
individual school ought
to be more frequent and
the visit prolonged to a
full or whole day, as they
should interview school
board men as of an ap-
possible and speak to them
regarding the needs of their
own school in their respect-
ive districts.

NOTICE.

In districts having two or more buildings and a superintendent, only one copy is to be made by the principal of each building and filed with the superintendent, who is to consolidate the several reports and make two copies of the same and file with the county superintendent at the close of school.

Teachers are requested to fill out each item of this report. This is the initial report for data that is consolidated for the State and forwarded to the U. S. Commissioner of Education. Much depends upon the accuracy of your answers.

TEACHERS' ANNUAL REPORT

SCHOOL YEAR OF 1921-1922

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valued service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

1. Name of School: White City Dist. 43 Macoupin No. County, Illinois

Elementary. To be listed as they are at the close of the year before promotion.

Enrollment	Kindergarten.		1st Yr.		2nd Yr.		3rd Yr.		4th Yr.		5th Yr.		6th Yr.		7th Yr.		8th Yr.		Total	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls
	10	17	10	7	14	10	16	12	15	17	14	12	9	11	10	10	1	0	78	90

2. Secondary (High)

9th Yr.		10th Yr.		11th Yr.		12th Yr.		Total		Grand Total	
Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls

2a. How many of the above were enrolled this year in some other district of this state before enrolling in this district. Boys 1 Girls 1 Total 2

3a. Length of school year in months 9

3f. Actual number of days school was in session 197

4. Total days attendance of all pupils enrolled in both elementary and high school 32188

4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below) 1817

4b. Total days attendance of all high school pupils (above 8th grade)

4c. Average daily attendance of all high school pupils (above 8th grade) (See note below)
(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

5. Number of eighth grade graduates or promotions. Boys Girls Total 0

6. Number of elementary tuition pupils attending this school. Boys Girls Total 0

7. Number of high school graduates. Boys Girls Total

8. Number of high school tuition pupils attending this school. Boys Girls Total

9. Superintendents who do no teaching. Men Women Total

9a. Principals and Supervisors who teach less than half time. Men Women Total

10. Teachers and principals who teach half time or more (if more than one person has taught in a room count only the one teaching the longer part of the term). Men Women 3 Total 3

11. Total number of all teaching positions (sum of 9, 9a, and 10) (show only the actual positions). Men Women Total 3

11a. Total number of high school teaching positions (show only the actual positions). Men Women Total

12. Qualifications of all teachers: (Give only highest graduation or attendance of each teacher at work at end of term. The total will not be more than No. 11 above.) Number graduates of a College and State Normal School A College Only A Normal School only A Four-year High School only 1 If not a graduate, how many have attended a College? A State Normal School 4 A High School All graduates

12a. Qualifications of high school teachers: (Give only highest graduation or attendance of each teacher at work at end of term. The total will not be more than No. 11a above.) Number graduates of a College and State Normal School A College only A Normal School only A Four-year High School only If not a graduate, how many have attended a College? A State Normal School A High School

13. Vacancies of teachers caused by death by resignation by change for spring term Total

15. Amount of annual salary earned by all teachers: Men, \$ 4365; Women, \$ 4365 Total, \$ 4365

15a. Amount of annual salary earned by high school teachers only: Men, \$; Women, \$ Total, \$

16. Number of teachers contributing to the Illinois State Teachers' Pension and Retirement Fund 3; Amount contributed this year, \$ 2

17. Number of all public school houses in the district Public 1 Rented 1 Total 2

17a. Number of school houses in the district used by high schools only Public Rented Total

18. Number of sittings for study: (Double seats to be counted as one sitting) 185

20. Give length of service in this district of teachers holding positions at close of school: 1 yr. 2 2 yrs. 1 3 yrs. 1 4 yrs. 1 5 yrs. 6 yrs. 7 yrs. 8 yrs. 9 yrs. 10 yrs. 11 yrs. 12 yrs. 13 yrs. 14 yrs. 15 yrs. 16 yrs. 17 yrs. 18 yrs. 19 yrs. 20 yrs or more (Count part of a year as a year. Total should equal that of No. 11.)

24. Number of volumes in library exclusive of supplementary reading books for class use about 35

26. Number of private schools in the district X Number of teachers employed Men Women Number of pupils enrolled in elementary grades (1st to 8th): Boys Girls Secondary Grades (9th to 12th): Boys Girls College Grades (13th to 16th): Boys Girls

27. Promotion of health: Number of nurses employed X Physicians X Amount paid nurses \$ Physicians \$ Number of pupils examined for physical defects or contagion Number found affected Number of homes visited by nurse or inspecting officer

Promotion of attendance: Number of truant officers employed X Men Women Amount paid truant officers \$ Number of children not attending school between the ages of 7 and 14 14 and 16 Number of children arrested and placed in charge of teacher Number sentenced by a court Number of school and age certificates issued

29. Number of years of high school work offered in the following courses: Academic (classical, scientific, etc.) Commercial Technical (M. T.) Agricultural Domestic Science Normal Vocational (under State Board)

14. SALARIES OF TEACHERS.

TEACHERS' ANNUAL REPORT

SCHOOL YEAR 1924-1925

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

* 1. Name of School _____ Dist. No. _____ County, Illinois. Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

Elementary

	Kindergarten		1st Yr.		2nd Yr.		3rd Yr.		4th Yr.		5th Yr.		6th Yr.		7th Yr.		8th Yr.		Total	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls
Enrollment	12	8	7	11	5	7	7	8	16	17	12	14	8	8	11	13	6	6	84	92

* 2. Secondary (High)—(See note after "Enrollment" above).

	9th Yr.		10th Yr.		11th Yr.		12th Yr.		Total		Grand Total (Elem. and High)	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls

* 2a. How many of the above were enrolled this year in some other district of this state before enrolling in this district _____ Boys 4 Girls 6 Total 10

* 3e. Length of school year in months 9

* 3f. Actual number of days school was in session 180

* 4. Total days attendance of all pupils enrolled in both elementary and high school 25,968

* 4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below 4c) 144 $\frac{4}{5}$

4b. Total days attendance of all high school pupils (above 8th grade) _____

4c. Average daily attendance of all high school pupils (above 8th grade) (See note below)

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

* 5. Number of eighth grade graduates or promotions _____ Boys 4 Girls 5 Total 9

* 6. Number of elementary tuition pupils attending this school _____ Boys 0 Girls 0 Total 0

7. Number of high school graduates _____ Boys _____ Girls _____ Total _____

8. Number of high school tuition pupils attending this school _____ Boys _____ Girls _____ Total _____

9. Superintendents who do no teaching _____ Men _____ Women _____ Total _____

9a. Principals and Supervisors who teach less than half time _____ Men _____ Women _____ Total _____

* 10. Teachers and principals who teach half time or more (if more than one person has taught in a room count only the one teaching at the end of the term) _____ Men _____ Women _____ Total _____

* 11. Total number of all teaching positions (sum of 9, 9a, and 10) (show only the actual positions) _____ Men _____ Women 5 Total 5

11a. Total number of high school teaching positions (show only the actual positions) _____ Men _____ Women _____ Total _____

* 12. Qualifications of all teachers: (Give only highest graduation or attendance of each teacher at work at end of term. The total will not be more than No. 11 above). Number graduates of a College and State Normal School _____ A College only _____

A Normal School only _____ A Four-year High School only _____ If not a graduate, how many have attended a College _____? A State Normal School 4 _____? A High School All are S. graduates

12a. Qualifications of high school teachers: (Give only highest graduation or attendance of each teacher at work at end of term. The total will not be more than 11a above.) Number graduates of a College and State Normal School _____ A College only _____

A Normal School only _____ A Four-year High School only _____ If not a graduate, how many have attended a College _____? A State Normal School _____? A High School _____?

* 13. Vacancies of teachers caused by death 0 by resignation 0 by change for spring term 0 Total _____

* 15. Amount of annual salary earned by all teachers: Men, \$ _____; Women, \$ 4545 Total, \$ 4545
(If a position has been held by more than one person, give as annual salary the sum earned by all for the teacher holding the position at end of term.)

15a. Amount of annual salary earned by high school teachers only: Men, \$ _____; Women, \$ _____; Total, \$ _____

* 16. Number of teachers contributing to the Illinois State Teachers' Pension and Retirement Fund 2; Amount contributed this year, \$ 10

* 17. Number of all public school houses in the district _____ Public 1 Rented 1 Total 2

17a. Number of school houses in the district used by high schools only _____ Public _____ Rented _____ Total _____

* 18. Number of sittings for study: (A double seat to be counted as one sitting) 182

* 20. Give length of service in this district of teachers holding positions at close of school: 1 yr. 1 2 yrs. 1
3 yrs. _____ 4 yrs. 1 5 yrs. _____ 6 yrs. 1 7 yrs. 1 8 yrs. _____ 9 yrs. _____
10 yrs. _____ 11 yrs. _____ 12 yrs. _____ 13 yrs. _____ 14 yrs. _____ 15 yrs. _____ 16 yrs. _____
17 yrs. _____ 18 yrs. _____ 19 yrs. _____ 20 yrs. or more _____ (Count part of a year as a year. Total should equal that of No. 11.)

* 24. Number of volumes in library exclusive of supplementary reading books for class use none

* 26. Number of private schools in the district 0 Number of teachers employed _____ Men _____ Women _____ Number of pupils enrolled in elementary grades (1st to 8th): Boys _____ Girls _____ Secondary Grades (9th to 12th): Boys _____ Girls _____ College Grades (13th to 16th): Boys _____ Girls _____

* 27. Promotion of health: Number of nurses employed 0 Physicians 0 Amount paid nurses \$ _____ Physicians \$ _____
Number of pupils examined for physical defects or contagion _____ Number found affected _____ Number of homes visited by nurse or inspecting officer _____

Promotion of attendance: Number of truant officers employed _____ Men 1 Women _____ Amount paid truant officers \$ 45

Number of children not attending school between the ages of 7 and 14 3 14 and 16 11 Number of children arrested and placed in charge of teacher 0 Number sentenced by a court 0 Number of school and age certificates issued 0

29. Number of years of high school work offered in the following courses: Academic (classical, scientific, etc.) _____ Commercial _____

Technical (M. T.) _____ Agricultural _____ Domestic Science _____ Normal _____ Vocational (under State Board) _____

(IMPORTANT—Two items to be filled are on back of this sheet.)

* 3ax. Average daily attendance of all pupils in grades one to eight inclusive, exclusive of tuition pupils (must agree with item 6a of State Aid claim) 38.56

3b. Total days attendance of all pupils enrolled in high schools _____

3c. Average daily attendance of all pupils enrolled in high school. (See note below 3cx) _____

3bx. Total days attendance of all pupils enrolled in high school, exclusive of tuition pupils _____

3cx. Average daily attendance of all pupils enrolled in high school, exclusive of tuition pupils _____

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in Item 3a the sum of the average of the two rooms. The superintendent of a city system of schools should enter in Item 3a the sum of the averages of the various ward schools. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

* 4. Number of eighth grade graduates or promotions _____ Total 7

* 5. Number of elementary tuition pupils attending this school _____ Total _____

TEACHER'S ANNUAL REPORT

SCHOOL YEAR 1945-1946

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. One copy is to be filed with the County Superintendent within one week after the close of school.

Name of School White City Dist. No. 43 Macoupin County, Illinois
Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

1. TEACHERS AND ENROLLMENT

Elementary (See note after "Enrollment" above.)

Number of Teachers			Kinder- garten	1st Yr.	2nd Yr.	3rd Yr.	4th Yr.	5th Yr.	6th Yr.	7th Yr.	8th Yr.	Special Classes	Total
Men	Women	Total											
	2	2		4	4	3	6	4	6	7	7		41

District 43 White City

Board of Directors

Arthur Boyd
Alfred Scheller
Joseph Slapak

September
6
1933

To Directors,
White City School District #43,
Macoupin County, Illinois.

Dear Sirs:

Today your County Superintendent Mr. Wilhite and I visited your school. We were pleased to meet your teachers and to see your school. The teachers are making a good effort to start the work of the year, but they are greatly handicapped by the lack of supplies and work materials.

I make the following suggestions:

(1) It is probable that the roof needs some attention. Then the inside will need to be repaired and decorated.

(2) It would be fine if you could get the Pupils Reading Circle books as the children would get much pleasure and information out of them.

(3) You need two sets of supplementary readers for the children of the first three grades as they cannot do good work without them. The same children should have seat work books for reading.

I know that you are in bad financial condition but the supplies suggested above are absolutely essential.

I commend you for having suitable reference books.

When you make improvements or purchase supplies please confer with Mr. Wilhite as he can help you to secure correct service.

These suggestions are made to the end that your children may have the best possible school privileges.

Very truly yours,

Assistant Superintendent

CHW*FH

December
30
1934

To Directors,
District No. 43, White City School,
Macoupin County, Illinois.

Dear Sirs:

Today your County Superintendent Mr. Wilhite and I visited your school. I was pleased to see your school again and to meet your teachers. The entire school was working on the Christmas program. I saw no school work. I gained the impression that your school is going very well. I wish for your children the best of school privileges.

I happen to know that you have gone through a period of hard times. However, I commend you for the things that have been done. The toilet rooms are in fine condition. The drinking fountains are very convenient. The basement offers a place for the children to play on bad days. All these conveniences teach children what good living is.

I make these suggestions:

1. The floor is dark. It should be thoroughly cleaned and then treated with a thin covering of some light colored floor oil.
2. Your teachers need two sets of supplementary readers for the children of the first three grades as they cannot do the best teaching of reading without them. Work books for reading should be furnished the children of the same grades.
3. There should be more material for hand work and construction work.
4. Your library is small but it will soon be satisfactory if you buy the Pupils Reading Circle books and a few other worthy books annually.
5. When you find it possible, walks should be built so that children may have better means of getting in without carrying so much dirt.

When you make improvements or purchase supplies please confer with Mr. Wilhite as he can help you to secure correct service.

These suggestions are made to the end that your children may have the best possible school privileges.

Very truly yours,

Assistant Superintendent

CHW*FH

March 11, 1944

Members of the Board of Directors
White City School, District #43
Mt. Olive, Illinois

Gentlemen:

I visited the White City School, District #43, on the seventh of March. You have three excellent teachers. I hope that you will be able to keep them in your school many more years, as good teachers are hard to get.

I want to congratulate you upon the manner in which you have taken care of your school. I am sure it meets the needs of your community very well. There are a few things, however, that I might mention so that when you get the money, you will have something for which to spend it. You need a half dozen small dictionaries for use in the two upper rooms--your teachers will be able to advise you about them. You also need two sets of physiology charts in these rooms to use in the teaching of health. A radio would be valuable for music and educational programs, and you also need several good pictures to hang on the walls.

The decorating which you did was very necessary. However, it would perhaps have been better to have finished one room completely. Decorators generally use white for the ceiling and about two feet of the side walls, and then use buff or orange on the lower part of the walls.

Very truly yours,

I. K. Juergensmeyer
County Superintendent of Schools

SANITARY ANALYSIS OF WATER FROM White City (P.O. Mt. Olive) school supply
Source Fountain in bldg. White City School, Dist. #43
Date collected Dec. 16, 1938 Laboratory No. 148422
Collected by James Pechor for _____
Remarks _____

Sediment 0
Turbidity 0
Odor 0
Nitrite nitrogen _____
Nitrate nitrogen _____
Chloride _____
Bacteria per ml. (37° C.) 240
Coli-type bacteria:

In portions of 10 ml.

Presumptive tests _____
Confirmatory tests 5+

This analysis indicates that the water was contaminated and was not safe to drink at the time the sample was collected.

This well appears to be subject to contamination caused by shallow ground water and rain seeping through the upper portion of the well lining. Therefore, we recommend that the well be reconstructed as follows:

1. Pour a six-inch reinforced concrete wall around the outside of the present well lining to a depth of 8 feet. (See bulletin)
2. After the above repairs are made the well should be sterilized with chlorinated lime as outlined on page 17 of our bulletin on wells.

However rather than go to the expense of making the above repairs on this well we recommend that the public water supply which according to our records is safe for drinking be used in the school.

pw-j

Mr. James Pechor, Principal
White City School
White City
P.O. Mt. Olive, Illinois

CONCERNING THIS SANITARY ANALYSIS

The statements on the reverse side are based not only on the analytical results, but also on the description of the source as furnished by you or already on file in this office. It is further recommended as follows:

- (a) If the water is unsafe to drink, abandon the supply for one of known safety or bring the water to a boil before use, until the suggested improvements have made the supply safe.
- (b) If the source is not satisfactory, make the suggested improvements immediately.
- (c) If the water is safe, take care to keep it safe by protecting the supply against contamination.

A laboratory examination of the water has been made to show the presence or absence of waste matter of human or animal origin. If the water is contaminated by surface wash or sewage, then parasitic intestinal worms, amebic cysts or germs of intestinal diseases, such as cause bowel complaint, diarrhea, dysentery or typhoid fever, may be present in the water, thus endangering the health of persons drinking the water. The analytical terms and results are briefly explained as follows:

Physical and Chemical Tests: "Sediment" through "Chloride." A desirable water has an attractive appearance (no sediment or turbidity) and has no objectionable odor or taste. Chemical results are given in parts per million.

Bacteriological Tests: "Bacteria per ml." indicates the number of microorganisms present in one milliliter (ml.) of water (20 drops). The result reported gives the number of bacteria which will grow at body temperature (37°C or 98°F). These bacteria may not be of intestinal origin and therefore may not be of sanitary importance. Occasionally the test plates are overcrowded so that no bacterial count can be obtained. In such case the report shows "Innumerable" indicating more than 1000 bacteria per ml.

"Coli-type bacteria" "Presumptive Tests" "Confirmatory Tests": A water containing bacteria of intestinal origin (*E. coli* and *A. aerogenes*, also known as "coliform" bacteria), if placed in a sugar broth (lactose), will cause fermentation and production of gas in 24 or 48 hrs. By means of further laboratory tests the presence of these bacteria in 10 ml. portions is indicated by a +, their absence by a—. The numeral preceding the sign shows the number of portions giving that result.

Example: 2+3— indicates that two 10 ml. portions of the sample did show and three portions did not show coli-types of bacteria present.

After receipt of the sample in the laboratory it requires from two to six days to complete the sanitary or bacteriological analysis.

SIONITI

STATE OF ILLINOIS

VERNON L. NICKELL

SUPERINTENDENT OF PUBLIC INSTRUCTION

RURAL SCHOOL ANNUAL REPORT AND APPLICATION FOR RECOGNITION

For School Year 1944-1945

To be filed by all districts with one or two teachers

This report is to be made in triplicate by the teacher and signed by both the teacher and the clerk of the board. The teacher is to keep one copy for the files of the school. Not later than October 1st, two copies are to be delivered to the county superintendent of schools who, in turn, will forward a copy to the State Office. For assistance in filling in the report, see the Rural Elementary School Handbook, Office of Superintendent of Public Instruction.
