Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (*not Attendance Register*); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

- 1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.
- 2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)
- 3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.
- 4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

- the names, corresponding to each number, in the column of "Names of Pupils."
- 5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.
 - 6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.
 - 7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.
 - 8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.
 - 9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Write Answers to the following Questions:

- Is your daily program posted up in your school room? Yes.
- Do you make *daily* preparation for your work? Yes.
- Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Yes.
- Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes.
- Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? _____
- Do you give Number Work to the lower grades daily? Yes.
- Do you try to decorate your school room? Yes.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

The primary department is in need of supplementary Readers, a greater number of library books, and smaller desks to replace about half now in the room.

This reporting sheet corresponds to a page of your Classification Register (*not Attendance Register*); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Is your daily program posted up in your school room? Yes.

Do you make *daily* preparation for your work? Yes.

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Have from 3^d to 6th Grades

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes.

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Not every week, but often.

Do you give Number Work to the lower grades daily? Haven't lower grades

Do you try to decorate your school room? Yes.

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (*not Attendance Register*) ; please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? No.

Do you make *daily* preparation for your work? Yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? _____

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? _____

Do you give Number Work to the lower grades daily? _____

Do you try to decorate your school room? Yes

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

HIGH SCHOOL REPORT

For the year ending June 30, 1917.

Name of District Michigan No. 44

Township 11th Range 6W

This report was made out by

L.B. Bush
Principal Superintendent.

Address

Filed 1917

County Superintendent.

Filed 1917

Superintendent of Public Instruction.

ILLINOIS PRINTING CO., DANVILLE, ILL.

INSTRUCTIONS

The superintendents or principals of districts or townships maintaining a high school of one or more years are to fill out this blank in duplicate; one copy to be filed with the school records, the other copy forwarded to the county superintendent, who shall transmit the same to the Superintendent of Public Instruction by July 1.

Especially care should be taken in preparing the various items, as follows:

Item 6.—Note that the number of units of work, not years of work, is to be given.

Item 7.—The salaries of all persons doing any high school work must be charged in full to the high school.

Item 8.—No teacher should be counted more than once.

Item 12 (a).—This should be left blank when the same building is occupied by both high school and grades.

Item 12 (b).—Should always be filled in.

Items 15-17. In case the high school and the grades occupy the same building, the amount to be apportioned to the high school may be estimated by noting the proportional amount of floor space occupied by the high school. The number of class-rooms occupied by the high school and the grades, respectively, often affords a convenient method of obtaining the proportion desired. In case this method proves inexpedient, a division based on relative attendance will be acceptable.

TO BE FILLED OUT BY TEACHER OR PRINCIPAL

TEACHERS' ANNUAL REPORT

For districts maintaining ten years of school work or less

 Year of 1912-13

 Name of School Wilwood Public No. 44 Macoupin County, Illinois.

TEACHERS' ANNUAL REPORT

SCHOOL YEAR OF 1918-19

To the Teacher or Superintendent: The State and National authorities need and demand **all** the data called for in this report. You are rendering a valued service by a careful and prompt filling out of each item. For common schools of one teacher, items with **starred numbers only** are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within **one week** after the close of school.

4b. Total days attendance of all high school pupils (above 8th grade)

4c. Average daily attendance of all high school pupils (above 8th grade) (See note below).....

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

1. Name of School: Milwood Dist. No. 44 Macoupin County, Illinois.

Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

Elementary

Table with 10 columns: Kindergarten, 1st Yr., 2nd Yr., 3rd Yr., 4th Yr., 5th Yr., 6th Yr., 7th Yr., 8th Yr., Total. Each column has sub-columns for Boys and Girls. Data is entered for each grade.

2. Secondary (High)-(See note after "Enrollment" above).

Table with 6 columns: 9th Yr., 10th Yr., 11th Yr., 12th Yr., Total, Grand Total (Elem. and High). Each column has sub-columns for Boys and Girls.

- 2a. How many of the above were enrolled this year in some other district of this state before enrolling in this district. Boys 1, Girls 5, Total 6.
- 3e. Length of school year in months 8.
- 3f. Actual number of days school was in session 161.
- 4. Total days attendance of all pupils enrolled in both elementary and high school 23553.
- 4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below 4c) 146.7.
- 4b. Total days attendance of all high school pupils (above 8th grade).
- 4c. Average daily attendance of all high school pupils (above 8th grade) (See note below).
- 5. Number of eighth grade graduates or promotions. Boys 4, Girls 5, Total 9.
- 6. Number of elementary tuition pupils attending this school. Boys 0, Girls 0, Total 0.
- 7. Number of high school graduates.
- 8. Number of high school tuition pupils attending this school.
- 9. Superintendents who do no teaching. Men, Women, Total.
- 9a. Principals and Supervisors who teach less than half time. Men, Women, Total.
- 10. Teachers and principals who teach half time or more (if more than one person has taught in a room count only the one teaching at the end of the term). Men 3, Women 3, Total 6.
- 11. Total number of all teaching positions (sum of 9, 9a, and 10) (show only the actual positions). Men, Women, Total.
- 11a. Total number of high school teaching positions (show only the actual positions). Men, Women, Total.
- 12. Qualifications of all teachers: (Give only highest graduation or attendance of each teacher at work at end of term. The total will not be more than No. 11 above). Number graduates of a College and State Normal School, A College only, A Normal School only, A Four-year High School only, If not a graduate, how many have attended a College, A State Normal School, A High School.
- 12a. Qualifications of high school teachers: (Give only highest graduation or attendance of each teacher at work at end of term. The total will not be more than 11a above.) Number graduates of a College and State Normal School, A College only, A Normal School only, A Four-year High School only, If not a graduate, how many have attended a College, A State Normal School, A High School.
- 13. Vacancies of teachers caused by death, by resignation, by change for spring term. Total.
- 15. Amount of annual salary earned by all teachers: Men, \$2680; Women, \$2440; Total, \$5120.
- 15a. Amount of annual salary earned by high school teachers only: Men, \$; Women, \$; Total, \$.
- 16. Number of teachers contributing to the Illinois State Teachers' Pension and Retirement Fund 3; Amount contributed this year, \$20.
- 17. Number of all public school houses in the district. Public 2, Rented 0, Total 2.
- 17a. Number of school houses in the district used by high schools only. Public, Rented, Total.
- 18. Number of sittings for study: (A double seat to be counted as one sitting) 185.
- 20. Give length of service in this district of teachers holding positions at close of school: 1 yr. 4, 2 yrs., 3 yrs., 4 yrs., 5 yrs., 6 yrs., 7 yrs., 8 yrs., 9 yrs., 10 yrs., 11 yrs., 12 yrs., 13 yrs., 14 yrs., 15 yrs., 16 yrs., 17 yrs., 18 yrs., 19 yrs., 20 yrs or more. (Count part of a year as a year. Total should equal that of No. 11.)
- 24. Number of volumes in library exclusive of supplementary reading books for class use 12.
- 26. Number of private schools in the district 0. Number of teachers employed. Men, Women, Number of pupils enrolled in elementary grades (1st to 8th): Boys, Girls, Secondary Grades (9th to 12th): Boys, Girls, College Grades (13th to 16th): Boys, Girls.
- 27. Promotion of health: Number of nurses employed 0, Physicians 0, Amount paid nurses \$0, Physicians \$0. Number of pupils examined for physical defects or contagion, Number found affected, Number of homes visited by nurse or inspecting officer.
- Promotion of attendance: Number of truant officers employed, Men, Women, Amount paid truant officers \$, Number of children not attending school between the ages of 7 and 14, 14 and 16, Number of children arrested and placed in charge of teacher, Number sentenced by a court, Number of school and age certificates issued.
- 29. Number of years of high school work offered in the following courses: Academic (classical, scientific, etc.), Commercial, Technical (M. T.), Agricultural, Domestic Science, Normal, Vocational (under State Board).

14. SALARIES OF TEACHERS.

Enter in the following table the number of teachers in day schools paid the different annual salaries.

TEACHERS' ANNUAL REPORT

SCHOOL YEAR 1923-1924

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

* 1. Name of School Nulwood 44 Dist. Macoupin County, Illinois.

Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

Elementary

Enrollment	Kindergarten		1st Yr.		2nd Yr.		3rd Yr.		4th Yr.		5th Yr.		6th Yr.		7th Yr.		8th Yr.		Total	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls
			18	13	7	7	7	6	13	15	8	12	13	7	8	6	7	4	83	70

* 2. Secondary (High)—(See note after "Enrollment" above).

9th Yr.		10th Yr.		11th Yr.		12th Yr.		Total		Grand Total (Elem. and High)	
Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls

* 2a. How many of the above were enrolled this year in some other district of this state before enrolling in this district..... Boys 1 Girls 3 Total 4

* 2b. Length of school year in months..... 8

* 2c. Actual number of days school was in session..... 163

* 4. Total days attendance of all pupils enrolled in both elementary and high school..... 20583

* 4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below 4c)..... 125-

* 4b. Total days attendance of all high school pupils (above 8th grade)..... 0

* 4c. Average daily attendance of all high school pupils (above 8th grade) (See note below)..... 0

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

* 5. Number of eighth grade graduates or promotions..... Boys 7 Girls 4 Total 11

* 6. Number of elementary tuition pupils attending this school..... Boys 0 Girls 0 Total 0

(Same as item 6 on claim for state aid)

3bx. Total days attendance of all pupils enrolled in high school, exclusive of tuition pupils
(Same as item 5a on claim for state aid)

3cx. Average daily attendance of all pupils enrolled in high school, exclusive of tuition pupils
(Same as item 6ax on claim for state aid)

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the average of the units composing the group. For example: The principal of a two-room school should enter in Item 3a the sum of the average of the two rooms. The superintendent of a city system of schools should enter in Item 3a the sum of the average of the various ward schools. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

* 4. Number of eighth grade graduates or promotions 6 Total

* 5. Number of elementary tuition pupils attending the school ✓ Total

6. Number of high school graduates (Four year) Boys Girls Total

Teacher's Annual Report

FOR
Milwaukee Grade School
District No. *44*, *Marquette* County,
Illinois, for school year ending June 30, 1947.
Building is in Township *11* Range *6*
School closed *May 14*, 1947
Made by *Louis J. Higgins*
Teacher or Principal
Carlville, Ill P. O.

Filed _____, 1947
Co. Supt.

TEACHER'S ANNUAL REPORT

SCHOOL YEAR 1947-1948

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. One copy is to be filed with the County Superintendent within one week after the close of school.

Name of School Milwood Dist. No. 44 County, Illinois

Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they have left the district.

1. TEACHERS AND ENROLLMENT

Elementary (See note after "Enrollment" above.)													
Number of Teachers			Kinder- garten	1st Yr.	2nd Yr.	3rd Yr.	4th Yr.	5th Yr.	6th Yr.	7th Yr.	8th Yr.	Special Classes	Total
Men	Women	Total											
	3	3		8	11	8	5	6	6	2	10		56

High School (See note after "Enrollment" above.)									
Number of Teachers			9th Yr.	10th Yr.	11th Yr.	12th Yr.	Post Graduates and Special Classes	Total	Grand Total (Elem. and High)
Men	Women	Total							

* 1a. How many of the above were enrolled this year in some other district of this state before

enrolling in this district? Elementary 9 High School

* 2. Length of school year in months 9

* 2a. Actual number of days school was in session 185
(Same as item 4 on claim for state aid) (include holidays and institute days)

* 3. Total days attendance of all pupils enrolled in grades kindergarten to eight inclusive 8116
(Same as item 5 on claim for state aid)

* 3a. Average daily attendance of all pupils enrolled in grades kindergarten to eight inclusive. (See note below 3cx) 42.86 43.87
(Same as item 6 on claim for state aid)

* 3x. Total days attendance of all pupils in grades kindergarten to eight inclusive, exclusive of tuition pupils 6624
(Same as item 5a on claim for state aid)

* 3ax. Average daily attendance of all pupils in grades kindergarten to eight inclusive, exclusive of tuition pupils 35.83 35.80
(Same as item 6a on claim for state aid)

NOTE: Do not allow more than $\frac{1}{2}$ day per day for Kindergarten in items 3, 3a, 3x, 3ax.

3b. Total days attendance of all pupils enrolled in high schools
(Same as item 5 on claim for state aid)

3c. Average daily attendance of all pupils enrolled in high school. (See note below 3cx)
(Same as item 6 on claim for state aid)

3bx. Total days attendance of all pupils enrolled in high school, exclusive of tuition pupils
(Same as item 5a on claim for state aid)

3cx. Average daily attendance of all pupils enrolled in high school, exclusive of tuition pupils
(Same as item 6ax on claim for state aid)

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. To Directors,
Nilwood School District #44,
Macoupin County, Illinois.

Dear Sirs:

Recently your County Superintendent Mr. Wilhite and I visited your school. Yours is a good school and the work in all departments is going well. I commend you for having so good a force of teachers. All the teachers are giving good instruction. The children cooperate finely. I am certain that a good year's work will be done in the Nilwood school.

I make these suggestions:

(1) All the rooms present a fine, clean fresh appearance. The janitor work is good and I commend you for employing so good a janitor for your building.

(2) The floors are too dark. It appears that some dark colored floor oil has been used. They should be thoroughly cleaned and then treated with a thin covering of some light colored floor oil. If you can make the floors in your building like the floor in the little room over the entrance they will be very satisfactory.

(3) The varnish on your seats and backs of seats is in very bad condition. I am wondering if you could not sand paper and revarnish all the desks in your rooms. It would help the appearance very much. In some of your rooms you have twice as many desks as are needed. It would be fine if they could be stored so that the teachers will have the school room for activities.

(4) Your teachers need another set of supplementary readers for the children of the first three grades as they cannot do the best teaching of reading without them. Seat work books for the same pupils are needed.

I commend you for having the Pupils' Reading Circle books, reference books, maps and other supplies needed by the teachers in serving your children.

Since I have ever confidence that you will comply with these reasonable suggestions I have the pleasure to inform you that yours is hereby designated as a Standard School by the Department of Public Instruction, State of Illinois. A plate and diploma will be mailed to your County Superintendent to be delivered to your school at his convenience.

Page #2.

District No. 44,
Macoupin County, Illinois.

When you make improvements or purchase supplies please confer with Mr. Wilhite as he can help you to secure correct service.

These suggestions are made to the end that your children may have the best possible school privileges.

Very truly yours,

Assistant Superintendent

CHW*FH

March 3, 1944

Members of the Board of Directors
Nilwood School, District #44
Nilwood, Illinois

Gentlemen:

I visited the Nilwood School, District #44, on the second of March. Your teachers are doing an excellent job. I hope that you will be able to raise their salaries enough so that you can keep them in your school, as good teachers are hard to secure.

I want to congratulate you upon the interest you take in your school, and upon the excellent building and equipment you have. Your school is geographically located to become a community school center. I think some effort should be made to contact some of your neighboring districts who have only a few pupils in their school, and have them combine with you, so that it will be possible for you to make use of your rooms that are not now being used. This, of course, will take tact as well as time.

There are a few things I would like to mention, which should be done as soon as you get the necessary funds. If you have not ordered the Pupils Reading Circle books from the State Reading Circle Board, I hope you will do so at once, as these are the cheapest and best books that you can buy. They should be bought every year, so that your library will always be up to date. You also need a new set of physiology charts, as the state department is emphasizing the teaching of health, and these charts would be helpful in teaching this subject. You should have a few book-size dictionaries, perhaps a half a dozen for the use of the older pupils.

The new globe which you purchased is a valuable addition. A radio would be useful, but it would be well to wait until the war is over to buy a new one, and also to buy the new maps that you need.

Very truly yours,

I. K. Juergensmeyer
County Superintendent of Schools

SCHOOLS-Macoupin County
Nilwood School, District #44
Inspection Report

Board of Directors
Nilwood School, District #44
Att: Roy England, Clerk
Nilwood, Illinois.

Gentlemen:

Based on an inspection of the sanitary facilities at Nilwood School, District #44, Macoupin County, made October 8, 1941, we conclude that:

a. The water supply from the dug well is subject to contamination by dirt, rain, waste pumpage and animal contamination which may enter the well by washing or seeping through cracks in and around the wood manhole cover or by washing or seeping through or under the split-base pump; by contaminated water from the improperly constructed cistern that may leak directly into the well from the cistern pump suction pipe which passes directly through the well, if the pipe should become defective; by dirt and filth which may fall into the well each time the manhole cover is removed for operation of the two hand valves located in the well on the well and cistern pump suction pipes; by waste pumpage and surface water from the concrete bird bath located five feet from the well, that may seep through cracks in the bird bath, saturate the soil and eventually enter the well below the concrete lining; by contaminated water from the improperly constructed cistern that may enter the potable water distribution system from the cistern water distribution system through the one or more cross-connections which exist between the two systems; by sewage and waste water contamination that may be back-siphoned into the distribution system from any of the various improperly constructed plumbing fixtures if the pressure should drop in the distribution system because of excessive fire demand or for other reasons.

b. The overflow liquid from the concrete septic tank discharges through

a tile sewer to a ditch north of town, thereby, causing a possible health hazard which could cause spread of diseases, such as typhoid fever, by flies, insects, rats and animals, and by direct contact of persons, especially children, with the sewage pollution on the surface of the ground. Also, this is a violation of the Sanitary Water Board law, a copy of which is enclosed, which prohibits pollution of surface and underground waters of the State.

In order to correct these sanitary defects at the school, we recommend the following improvements:

1. Dig up the cistern pump suction pipe, remove the section of pipe and the valve from the well, and re-lay the pipe so that it will not pass through the well. Relocate the control valve in the building basement or in a valve pit located at least 25 feet from the well. Remove the pipe entirely from the concrete well lining and plug the holes through the lining with cement mortar. Cutting and capping of the pipe is not considered satisfactory because of the possibility of leakage of ground water into the well after the pipe has deteriorated from corrosion.
2. Reconstruct the well platform with a 4 inch concrete slab extending beyond the walls at least one foot in all directions. A short iron pipe sleeve, whose diameter will allow the passage of the pump cylinder, should be placed in the platform at the time of construction. Sleeve should extend about one inch into the pump base. The pump should rest directly on the concrete and be firmly bolted in place. If a manhole is desired it should be constructed as shown in Fig. 5 of the well bulletin.
3. Replace the split-base pump with a pump having a one piece circular base, and provided with a stuffing-box around the pump rod.
4. Sterilize the well water after the above improvements have been made and before it is used for drinking purposes. The procedure for sterilization is described on pages 23-25 of the well bulletin.
5. Provide a substantial, water tight trough 15 feet in length to carry waste pumpage away from the immediate vicinity of the well. If the bird bath is desired it should be located at least 15 feet from the well.
6. Replace all improperly constructed lavatories, drinking fountains and flush-toilets with fixtures designed so as to prevent back-siphonage of waste water or sewage into the distribution system, or change existing fixtures so that back-siphonage will be prevented. The plumbing defects are outlined below.
7. Remove entirely all physical connections between the well water and the cistern water distribution systems.
8. Provide facilities for the proper treatment of the liquid sewage overflow from the septic tank. Such facilities should include an intermittent sand filter bed and a dosing tank provided with an automatic dosing siphon. The services of a consulting engineer should be engaged

for proper design of these units. Plans should be submitted to the Sanitary Water Board at Springfield for approval before construction is started.

The defective plumbing fixtures noted at the time of the inspection were five compression tank type toilets, three lavatories and two drinking fountains. Contamination of the water supply in the distribution system by sewage from the type of toilet used at the school may occur in case of flooding of a toilet bowl resulting from stoppage of a trap or sewer or in case of such flooding accompanied by a drop in the water supply pressure resulting from a high fire demand, a leak in the piping system, or for other reasons. These toilets should be replaced by toilets of the flush-box type having siphon breaker ball cocks.

Contamination of the water supply in the distribution system by back-siphonage of waste water from the lavatories or drinking fountains also may occur in case of a drop in water pressure accompanied by a flooding of the fixtures as a result of stoppage of waste water drain pipes or sewers. The lavatory faucets should be replaced by faucets so constructed that the outlet ends of the faucets are located at least one inch above the maximum spill lines of the fixtures. The drinking fountains should be replaced by fixtures of the type in which the jet issues at an angle from a completely guarded orifice located above the maximum spill line of the bowl.

Since the school officials are responsible for the protection of the pupils' health while at school, it is important that the above recommendations be fulfilled.

If you do not clearly understand the above recommendations or you wish to use equivalent methods for correcting the existing defects, please contact this office. A few minutes spent discussing the matter will clear up any difficulties and will avoid any costly mistakes.

We shall appreciate an acknowledgement of this letter and information regarding the action taken toward following the above recommendations.

District Health Superintendent

JOHN A. WIELAND
SUPERINTENDENT

State of Illinois
Office of the Superintendent of Public Instruction
Springfield

April 12, 1937

Mr. Ray England, Clerk,
Milwood School District No. 44,
Milwood, Illinois

Dear Mr. England:

I have received the application for "Recognition" which has been approved by your County Superintendent and forwarded to the Office of State Superintendent of Public Instruction. After checking your application I am very glad to report that your school meets the requirements for "Recognition". In a few days you will receive a Certificate of Recognition for the school year 1936-37.

Please note that this certificate is for the present year only. A new one for 1937-38 will be issued next year if the present standards are maintained and suggested improvements made. Kindly refer to our Circular No. 289 and to the recommendations of your County Superintendent as a guide to further improvement.

Very truly yours,

E. S. Simmonds
Assistant Superintendent

It was a great delight to me to inspect your new school house. It is far beyond anything that I would have expected when I made the inspection of the old building. The people acted wisely when they decided to erect the new house rather than improve the old one which I recommended. There is one thing left which if you supply will double the value of your school to the children. We send children to school to prepare them to get information from books. This they can do only if they form a habit of reading books in your school. In your school there should be as many books in each room as there are children and that they should be of a suitable grade for the children who occupy the room. This supply of books will answer for two years, after that additions ought to be made to take the place of the ones worn out. I was informed that some people in your district objected to supplying books because 25 years ago you had a large supply of books which were not cared for and disappeared. Books will wear out and they should wear out. A few of the books that still remain are in good condition because they have never been used. They were not used because they were not suitable to the children. McCauley's "History of England" is not suitable for children in the elementary schools. The County Superintendent and the teachers are the people who should advise you what to purchase. I regret to find that a set of books had been purchased entitled, "Pictured Knowledge" and these are wholly unsuitable to the children. An agent is a very poor guide in the selection of school supplies. The City Superintendent is elected to advise school officials and others. The County Superintendent is abundantly able and willing to help you in every possible way. When suitable books are provided yours will be recognized as a standard school. If the quality of the teacher and the co-operation of the community are up to the requirements of a superior school your school can be recognized as a superior school. You would render a great public service if you would try to bring your school up to this standard.

Sincerely yours,

Ass't Superintendent

To Directors,
Milwood School District #44,
Macoupin County, Illinois.

Dear Sirs:

Yesterday afternoon your County Superintendent Mr. Wilhite and I visited your school. We regret that the school was not in session. We were pleased, however, to see so excellent a school building as you have. Most things were in excellent condition. The building was clean.

The teacher of the primary room should have a reading and work table for her little children.

There seems to be a need for one or more sets of supplementary readers for the children of the first three grades as the teacher cannot do the proper kind of work without them.

I am under the impression that you will get the Pupils Reading Circle books for your school soon. I commend you for this as your children will get much pleasure and satisfaction from using these books.

I am assured that yours is an excellent school and I hope to visit it at some future time.

When you make improvements or purchase supplies please confer with Mr. Wilhite as he can help you to secure correct service.

These suggestions are made to the end that your children may have the best possible school privileges.

Very truly yours,

Assistant Superintendent
