TEACHER'S REMARKS ON CLASSIFICATION

Mr Moore:-
I have a fine little school but some are so very irregular in attendance it makes it very hard to keep the classes together. My eighth year class is all grown boys that have to miss quite often besides they didn't start until very near Christmas making it impossible for me to follow the course in every thing. As they have had to be out of school this way for several winters I find so many things given in the course they do not understand the principles for.
The rest of the scholars are able to carry the work very well.

Respectfully yours
Miss Stella Dikis
Palmyra,
Illinois.

TEACHER'S REMARKS ON CLASSIFICATION

Mr. Moore;

Kind Sir;-

Kind Sir;- My fifth year class works together nicely. They are divided in Arithmetic but the rest of their work compares real well.

My seventh year class is not so well systematized as two of the pupils have had the first part of the work before and one of the pupils did not complete the six year work so will have to take that work again next year. And as he didn't start to school until November 1st it makes it very hard for him to keep up with the remainder of the class.

I have given the first bi-monthly examination and most of them made grades in all studies above 85.

TO THE TEACHER:

This Preliminary Report should show the present organization of your school, and the condition of your schoolroom and grounds. It will enable me to give you prompt and valuable assistance during your present term of school. Please fill out carefully with ink, and mail to me at the close of the FIRST WEEK of school. TEACHER'S REMARKS ON CLASSIFICATION

Number 1, began work in the last half of the first Reader also took other Reading number 2, 3, 4, and 6, began at the first of the first Reader, are progressing nicely. No's. 5 and 7, began with Baldwin's Primer, learn rapidly. No's. 8 and 9, began at the beginning of second Reader. They are very orderly and industrious, and cause no trouble or reproach whatever. No's. 10, 11, 12, 13, started with a review of 4th year work and are taking 5th year's (alt.) No's. 14-15 take 6th year's work except in Reading and Orthography which, they take 8th yrs work. They have been very poor in attendance but do good work when in attendance. No's. 16, 17, 18, 19, 20, 21, take 8th year work following the State Course, carefully and those who attend regularly do good work No. 21, cannot carry 8th yr. work in Grammar and Arithmetic. He takes 7th yr. Grammar and 6th Arithmetic. It seems as if he has been promoted before having completed the work in lower grades. This is a very pleasant school, But the greatest hindrance to good work is poor attendance.

TEACHER'S REMARKS ON CLASSIFICATION

This school is classified to the best of my ability. The scholars are very bright, but don't know how to study or answer questions which of course isn't their fault, as they haven't been taught how.

Respectfully,
Mabel C. Pratt.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified *before the end of the term*.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

9th. Be *just and fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Do you try to ^{to} decorate your school room?

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

(NOTE.—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (*not Attendance Register*); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. 'The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Write Answers to the following Questions:

Is your daily program posted up in your school room? It is.

Do you make *daily* preparation for your work? Yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily ? Yes

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? If time permits

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Yes

Do you give Number Work to the lower grades daily? Yes

Do you try to decorate your school room? Yes

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

The 5th yr. pupils did not start in til about the last of Oct. and as they have not completed the first two months work, I have not given them the examination.

My report is for
a little over two
months as I did
not give the examina-
tion until the 12th
of Nov.

On account of their irregular attendance of my 8th grade pupils it was impossible for them to take the entire year's work and therefore cannot take the Final Examination.

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

I found the directors quite willing to get all the necessary apparatuses for the school work, they also provided the pupils with books, who were not able to get them. The school building needs remodeling.

																						HISTORY OF ILLINOIS																	

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (not Attendance Register); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office

Please endeavor to have a Register provided for your school at once, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has most of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he has just finished.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents may be found to be valuable helps.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? yes

Do you make daily preparation for your work? yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? not every day

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? yes

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? They wrote letters but not every week

Do you give Number Work to the lower grades daily? yes

Do you try to decorate your school room? yes

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

The attendance was so irregular it was impossible for all to take the examinations.

Some only attended a month or so and then quit.

Some moved from the district.

Failure to file this Report in the Superintendent's Office will be entered in his Record against the Teacher as Dereliction of Duty.

This reporting sheet corresponds to a page of your Classification Register (*not Attendance Register*); please fill it out with ink from your Classification Register and return it to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Classification Register in your School *let me know at once*; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school *at once*, so that all the schools may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of grades and the work that each grade includes.

2d. Ascertain in which grade of the Course each pupil has *most* of his work, and classify him in that grade. If he has not all of his studies in this grade, mark the grade in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to

the names, corresponding to each number, in the column of "Names of Pupils."

5th. The *first* classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the *close* of each term each being classified in the grade which he has just *finished*.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. *Certificates of Promotion* and Monthly Reports to Parents may be found to be valuable helps.

9th. Be *just* and *fair* in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

Write Answers to the following Questions:

Is your daily program posted up in your school room? Yes

Do you make *daily* preparation for your work? Yes

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? Yes

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? Yes

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? Yes

Do you give Number Work to the lower grades daily? Yes

Do you try to decorate your school room? Yes

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

Write Answers to the following Questions:

Is your daily program posted up in your school room? It is.

Do you make daily preparation for your work? I do.

Do you give Oral Language Lessons to the First and Second Reader classes, and have them write from ten to twenty minutes daily? I do.

Do you spend at least fifteen minutes daily in giving special drills in writing to all grades? No, only 10 minutes.

Do you have those in the Third and Fourth Reader grades write at least one letter each week besides other language work? I do, and have letters in file.

Do you give Number Work to the lower grades daily? I do.

Do you try to decorate your school room? Yes, with Nature Study exhibits, and Drawings did by pupils and myself.

All persons are warned against making or publishing this blank, or any modification of it, as it belongs to a series consisting of "Welch's System of Supervision," and is under copyright.

Teacher's Remarks to Superintendent

(NOTE—State what your school needs in apparatus, blackboards, etc; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

The school needs a book case, The small library is being soiled and destroyed by dust, and mice.

The stove should be taken from the center of the room and placed in one corner with a suitable jacket

Half of the children in cold weather are uncomfortable, on account of the present heating.

A suitable door-step and suitable desks are also needed.

Failure to File this Report in the Superintendent's Office will be entered in his Record against the Teacher as a Dereliction of Duty.

This reporting sheet corresponds to the classification section of your Combined Register; please fill it out with ink from your Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Combined Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that your school may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of forms and the work that each form includes.

2d. Ascertain in which form of the Course each pupil has most of the work, and classify him in that form. If he has not all of his studies in this form, mark the form in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he

has just finished. In making your recommendations in the section at right of "Pages Canvassed this Term," be just. This section classifies this school for your successor. Make no recommendations that you would not follow scrupulously were you to continue work in this school next term.

7th. A pupil changing from one school to another in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents are valuable helps and may be obtained from the County Superintendent.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

The following will assist you in making your Report accurately:

Total Number of Days of Absence—This will be the sum of the days of absence of all pupils enrolled during the term. Do not count the days a pupil was "dropped" as "days of absence." When a pupil is "dropped" he is not a member of your school and hence cannot be considered as "absent" in the sense in which the word "absent" is here used.

Absence that is less than half a day will be reported as a half day's absence; for example, if a pupil comes before the close of the forenoon recess, count him tardy only; but if he should not arrive until after the forenoon recess, count him absent a half day. Observe the same rule for the afternoon session.

Total Number of Days of Attendance—This will be the sum of the days of attendance of all pupils enrolled during the term. The total number of days of attendance, plus the total number days of absence, should ALWAYS equal the total number days of membership. This fact will enable you to test the accuracy of your results.

TEACHER'S REMARKS TO SUPERINTENDENT

(NOTE—State what your school needs in apparatus, blackboards, etc.; also give the names of pupils not provided with books, naming the books needed. Suggest wherein the County Superintendent can co-operate with you for the advancement of your school, etc.)

This school is poorly equipped as to apparatus. The new heater should be provided as it is heated by an ordinary stove. The desks are very poor and a new set of maps and a dictionary should be provided. Last of all a new schoolhouse should be provided.

Failure to File this Report in the Superintendent's Office will be entered in his Record against the Teacher as a Dereliction of Duty.

This reporting sheet corresponds to the classification section of your Combined Register; please fill it out with ink from your Register and return to me at the end of the last month of the term. It will be kept for public inspection. Study the plan given below and follow it accurately. If you have not a Combined Register in your School let me know at once; also inform the President of your School Board or your Director.

The Register can be obtained at the County Superintendent's office.

Please endeavor to have a Register provided for your school at once, so that your school may be classified before the end of the term.

How to Classify Your School in the Classification Register.

1st. Read the course of study carefully; notice the number of forms and the work that each form includes.

2d. Ascertain in which form of the Course each pupil has most of the work, and classify him in that form. If he has not all of his studies in this form, mark the form in which such other studies are found, under the headings for these respective studies. (See sample form in Register.)

3d. When a pupil has completed a study and passed a satisfactory examination, credit him with it in the column of "Studies Completed this Term," also record it in the "Record of Studies Completed," in the back part of the Register. This record should show every study which each pupil completes, until he finishes the course and graduates from the district school. The graduating of classes is one of the greatest incentives that can be used in keeping pupils from "dropping out" of school. Diplomas for graduation will be furnished by the County Superintendent for all pupils who finish the course of study.

4th. The "Syllabus of Classes" shows every class in each study, and the pupils (indicated by numbers) belonging to it, also the pages canvassed by each class during the term. The names of pupils belonging to each class may be found by referring to the names, corresponding to each number, in the column of "Names of Pupils."

5th. The first classification of any school is the most difficult, and should be made with much care. Succeeding teachers should not change the classification left by their predecessors without good reason.

6th. The classification as left by each teacher should show the status of each pupil at the close of each term each being classified in the grade which he

has just finished. In making your recommendations in the section at right of "Pages Canvassed this Term," be just. This section classifies this school for your successor. Make no recommendations that you would not follow scrupulously were you to continue work in this school next term.

7th. A pupil changing from one school to any other in which this Register is used, may receive from his teacher a certificate of his standing, which will enable the teacher whose school he enters to classify him without examination.

8th. Certificates of Promotion and Monthly Reports to Parents are valuable helps and may be obtained from the County Superintendent.

9th. Be just and fair in your markings, neither too high nor too low, so as to avoid clashing of opinion by successive teachers.

The following will assist you in making your Report accurately:

Total Number of Days of Absence—This will be the sum of the days of absence of all pupils enrolled during the term. Do not count the days a pupil was "dropped" as "days of absence." When a pupil is "dropped" he is not a member of your school and hence cannot be considered as "absent" in the sense in which the word "absent" is here used.

Absence that is less than half a day will be reported as a half day's absence; for example, if a pupil comes before the close of the forenoon recess, count him tardy only; but if he should not arrive until after the forenoon recess, count him absent a half day. Observe the same rule for the afternoon session.

Total Number of Days of Attendance—This will be the sum of the days of attendance of all pupils enrolled during the term. The total number of days of attendance, plus the total number days of absence, should ALWAYS equal the total number days of membership. This fact will enable you to test the accuracy of your results.

Average Daily Attendance—This is found by dividing the total days of attendance by the number of days taught. Always express the quotient as a whole number. A fraction that is less than a half should be dropped, but a fraction that is a half or more should be called 1.

Number Violating Compulsory Attendance Law—The law requires all pupils between the ages of seven and sixteen to attend school regularly at least twenty-four consecutive weeks. It does not apply to pupils who live more than two miles from school.

Whole Number of Days Taught—Count every day for which you draw pay as taught.

Average Cost of Tuition per Month per Pupil This is found by dividing the amount paid the teacher per month by the average daily attendance for the term.

TEACHERS' ANNUAL REPORT

SCHOOL YEAR 1923-1924

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

* 1. Name of School Lesser Mill Dist. No. 69 Macoupin County, Illinois.

Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

TEACHER'S ANNUAL REPORT

SCHOOL YEAR 1943-1944

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. One copy is to be filed with the County Superintendent within one week after the close of school.

December 23, 1943

Mr. William Sissons, Clerk
Board of Directors, District #59
Palmyra, Illinois

Gentlemen:

On November third I visited the Dresser Mill School, District #59. Your teacher, Mrs. Gus Hennick, is experienced and well qualified for her work. You are fortunate in securing her services. I hope that you will be able to keep her as your teacher for many years.

I want to congratulate you upon having one of the best equipped schools in Macoupin County. You have an excellent building that meets the needs of the community, and also the needs of your pupils as well.

I should like to suggest that if you have not ordered the Pupils Reading Circle books from the State Reading Circle Board, that you try to order them every year, as they are the cheapest and best books you can buy.

Your ceiling needs plastering in places, and also needs repainting when you have the necessary funds. Also, the floors should be sanded and then sealed and varnished or waxed. This will make it much easier to keep clean, and make it look more attractive. I should also like to suggest that the basement walls should be whitewashed or some other type of finish put on them. This would make it more sanitary.

If we can be of any help to you at any time, please feel free to call on us.

Very truly yours,

I. K. Juergensmeyer
County Superintendent of Schools

VERNON L. NICKELL

SUPERINTENDENT OF PUBLIC INSTRUCTION

RURAL SCHOOL ANNUAL REPORT AND APPLICATION FOR RECOGNITION

For School Year 1944-1945

To be filed by all districts with one or two teachers

This report is to be made in triplicate by the teacher and signed by both the teacher and the clerk of the board. The teacher is to keep one copy for the files of the school. Not later than October 1st, two copies are to be delivered to the county superintendent of schools who, in turn, will forward a copy to the State Office. For assistance in filling in the report, see the Rural Elementary School Handbook, Office of Superintendent of Public Instruction.
