NOTICE.

This information is to be collected by the principal or the teacher in charge of a building from the teachers under his supervision and summarized in this report.

From the several buildings the reports are to be embodied in one report by the Superintendent who is to send two copies to the County Superintendent of Schools on or before July 15th.

Teachers are requested to fill out each item of this report. This is the initial report for data that is consolidated for the State and forwarded to the U. S. Commissioner of Education. Much depends upon the accuracy of your answers.

* 4b. Total days attendance of all high school pupils (above 8th grade)

* 4c. Average daily attendance of all high school pupils (above 8th grade) (See note below).....

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

TEACHERS' ANNUAL REPORT

SCHOOL YEAR 1923-1924

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. Two copies are to be filed with the County Superintendent within one week after the close of school.

1. Name of School Carlinville Dist. 79 Macoupin County, Illinois.

Enrollment Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

Elementary

	Kindergarten		1st Yr.		2nd Yr.		3rd Yr.		4th Yr.		5th Yr.		6th Yr.		7th Yr.		8th Yr.		Total	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls
			63	74	70	52	54	75	64	66	60	52	76	44	42	48	49	45	478	456

2. Secondary (High)—(See note after "Enrollment" above).

	9th Yr.		10th Yr.		11th Yr.		12th Yr.		Total		Grand Total (Elem. and High)	
	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	Girls

2a. How many of the above were enrolled this year in some other district of this state before enrolling in this district..... Boys..... Girls..... Total.....

3a. Length of school year in months..... 9

3f. Actual number of days school was in session..... 184

4. Total days attendance of all pupils enrolled in both elementary and high school..... 176651-62386=114,265

4a. Average daily attendance of all pupils enrolled in both elementary and high school (See note below 4c)..... 960784 621.4

4b. Total days attendance of all high school pupils (above 8th grade).....

4c. Average daily attendance of all high school pupils (above 8th grade) (See note below).....
(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the averages of the units composing the group. For example: The principal of a two-room school should enter in item 4a the sum of the averages of the two rooms. The principal of a school containing several rooms whose work includes the eight grades and a high school should enter in item 4a the sum of the averages of the grade rooms and of the high school. The superintendent of a city system of schools should enter in item 4a the sum of the averages of the various ward schools and of the high school. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

5. Number of eighth grade graduates or promotions..... Boys..... 32 Girls..... 40 Total..... 72

6. Number of elementary tuition pupils attending this school..... Boys..... 4 Girls..... 5 Total..... 9

7. Number of high school graduates..... Boys..... Girls..... Total.....

8. Number of high school tuition pupils attending this school..... Boys..... Girls..... Total.....

9. Superintendents who do no teaching..... Men..... 1 Women..... Total..... 1

9a. Principals and Supervisors who teach less than half time..... Men..... Women..... Total..... 0

10. Teachers and principals who teach half time or more (if more than one person has taught in a room count only the one teaching at the end of the term)..... Men..... Women..... 28 Total..... 28

11. Total number of all teaching positions (sum of 9, 9a, and 10) (show only the actual positions) Men..... 1 Women..... 28 Total..... 29

11a. Total number of high school teaching positions (show only the actual positions) Men..... Women..... Total.....

12. Qualifications of all teachers: (Give only highest graduation or attendance of each teacher at work at end of term. The total will not be more than No. 11 above). Number graduates of a College and State Normal School..... A College only..... 4

A Normal School only..... A Four-year High School only..... If not a graduate, how many have attended a College..... 1? A State Normal School..... 24? A High School.....?

12a. Qualifications of high school teachers: (Give only highest graduation or attendance of each teacher at work at end of term. The total will not be more than 11a above.) Number graduates of a College and State Normal School..... A College only.....

A Normal School only..... A Four-year High School only..... If not a graduate, how many have attended a College.....? A State Normal School.....? A High School.....?

13. Vacancies of teachers caused by death..... by resignation..... by change for spring term..... Total..... 0

15. Amount of annual salary earned by all teachers: Men, \$..... 1700; Women, \$..... 24469.50 Total, \$..... 26169.50
(If a position has been held by more than one person, give as annual salary the sum earned by all for the teacher holding the position at end of term.)

15a. Amount of annual salary earned by high school teachers only: Men, \$.....; Women, \$.....; Total, \$.....

16. Number of teachers contributing to the Illinois State Teachers' Pension and Retirement Fund..... 19; Amount contributed this year, \$..... 230

17. Number of all public school houses in the district..... Public..... 5 Rented..... Total..... 5

17a. Number of school houses in the district used by high schools only..... Public..... Rented..... Total.....

18. Number of sittings for study: (A double seat to be counted as one sitting)..... 1200

20. Give length of service in this district of teachers holding positions at close of school: 1 yr. 1 2 yrs. 2
3 yrs. 6 4 yrs. 3 5 yrs. 4 6 yrs. 5 7 yrs. 8 yrs. 9 yrs. 1
10 yrs. 1 11 yrs. 12 yrs. 1 13 yrs. 2 14 yrs. 15 yrs. 16 yrs.
17 yrs. 18 yrs. 19 yrs. 1 20 yrs. or more. 2 (Count part of a year as a year. Total should equal that of No. 11.)

24. Number of volumes in library exclusive of supplementary reading books for class use..... 200

26. Number of private schools in the district..... 2 Number of teachers employed..... Men..... 7 Women..... 5 Number of pupils enrolled in elementary grades (1st to 8th): Boys..... 25 Girls..... 13 Secondary Grades (9th to 12th): Boys..... 26 Girls..... 24 College Grades (13th to 16th): Boys..... 60 Girls..... 53

27. Promotion of health: Number of nurses employed..... 1 Physicians..... Amount paid nurses \$..... 675 Physicians \$.....
Number of pupils examined for physical defects or contagion..... 898 Number found affected..... 678 Number of homes visited by nurse or inspecting officer..... 379

Promotion of attendance: Number of truant officers employed..... Men..... 1 Women..... Amount paid truant officers \$..... 225

Number of children not attending school between the ages of 7 and 14..... 14 and 16..... Number of children arrested and placed in charge of teacher..... 0 Number sentenced by a court..... 0 Number of school and age certificates issued..... 0

29. Number of years of high school work offered in the following courses: Academic (classical, scientific, etc.)..... Commercial..... Technical (M. T.)..... Agricultural..... Domestic Science..... Normal..... Vocational (under State Board).....

(IMPORTANT—Two items to be filled are on back of this sheet.)

TEACHER'S ANNUAL REPORT

SCHOOL YEAR 1943-1944

To the Teacher or Superintendent: The State and National authorities need and demand all the data called for in this report. You are rendering a valuable service by a careful and prompt filling out of each item. For common schools of one teacher, items with starred numbers only are to be filled. In schools of two or more teachers the data should be collected by the Superintendent or Principal and embodied in one report. One copy is to be filed with the County Superintendent within one week after the close of school.

Name of School Carlinville Grade Dist. No. 79 Macoupin County, Illinois

Enrollment; Note: All whose names have been enrolled during the year should be reported and classified as they are at the close of the year before promotion, or at the time they may have left the district.

1. TEACHERS AND ENROLLMENT

Elementary (See note after "Enrollment" above.)

(Same as item 5a on claim for state aid)

3cx. Average daily attendance of all pupils enrolled in high school, exclusive of tuition pupils _____
(Same as item 6ax on claim for state aid)

(Note—The average daily attendance in a one-room school is found by dividing the total days attendance by the number of days the school was actually in session. In schools of two or more rooms, or in schools whose records of attendance are kept by session teachers, the average daily attendance is the sum of the average of the units composing the group. For example: The principal of a two-room school should enter in Item 3a the sum of the average of the two rooms. The superintendent of a city system of schools should enter in Item 3a the sum of the average of the various ward schools. The principal of each ward school and the principal of each high school should report the average for his school found by adding the averages of the various rooms or session groups composing the school.)

#27

Dear Sirs:

In company with County Superintendent Wilhite a very brief inspection of your elementary schools was made on October 17th. We found that Superintendent Blue has housed his children in a very satisfactory way while the building program is going forward. I was delighted to see that a new elementary school building will soon be completed. When this building is completed all children will be taken from the basement rooms and housed in good modern classrooms.

This building program is a very progressive step for the elementary school district of Carlinville. I wish to commend the board of education, and Superintendent Blue for this good work.

We always find excellent order and a fine spirit of cooperation on the part of Superintendent Blue, teachers and children. You are fortunate indeed in having a man of the type of Mr. Blue at the head of your school system.

Sincerely yours,

W. G. Booth
Assistant Superintendent

#79

Board of Education,
Elementary School District,
Carlinville, Illinois.

Dear Sirs:

September 24th, in company with County Superintendent Wilhite, a brief inspection of your elementary schools was made. I wish to commend the board of education Superintendent Blue, teachers children and community on the fact that since my visit of last year, you have completed a thoroughly modern grade building. Everything in this building seems to be modern and in excellent shape with the exception of the floors. Superintendent Blue informed me that this matter will be remedied. Carlinville has waited a long time to erect this building but it is now an accomplished fact. I am glad to say to the board of education that all of the children in the elementary schools are now housed in satisfactory buildings and classrooms. The old building should have the walls and ceilings redecorated during the next summer vacation. I was informed that this matter will be cared for just as soon as possible.

It is very gratifying to note the improvement in the Carlinville elementary schools during the last several years. The teaching force has been strengthened and the equipment improved. Superintendent Blue has not failed to give the elementary schools a square deal. Every year the equipment is improved by adding maps, library books, supplementary readers, pictures, etc.

Everything indicates a successful year for the Carlinville schools.

Sincerely yours,

W. S. Booth
Assistant Superintendent

Carlinville, Illinois.

#79

Dear Sirs:

December 18th, in company with County Superintendent Wilbits, one-half day was spent in inspecting your elementary schools.

Since our visit of last year I was glad to learn through your superintendent that an amount equivalent to \$180 has been spent for supplementary readers and library books.

During the next summer vacation it is to be hoped that the walls and ceilings of the old building will be redecorated. Superintendent Blue informed me that this is on your program. The walls should be a light tan and the ceilings a very light cream color.

We found excellent order in all of the rooms. The school is well organized. Teachers and children are doing excellent work.

As usual we found a fine spirit of cooperation on the part of Superintendent Blue, Teachers and children. You are having a successful year under the leadership of Superintendent Blue.

Sincerely yours,

Assistant Superintendent
F. S. Booth

November 2, 1931

Board of Education,
Elementary School District,
Carlinville, Illinois.

Dear Sirs:

October 30th, in company with County Superintendent Wilhite, a very brief inspection of your elementary schools was made. At the beginning of this letter I wish to commend the board of education and Superintendent Blue for what has been done to improve the small building. The walls and ceilings have been redecorated and it is a splendid piece of work. The color scheme is right. This redecoration has made all the difference in the world in the light and general cheerfulness of the classrooms and corridors. It has been a good investment for boys and girls.

Superintendent Blue informed me that about \$100, or an amount equivalent to that, would be spent for books for the library.

As usual we found the organization of the school excellent. Superintendent, teachers and children are working together with a fine spirit of cooperation. In fact I am telling you what you already know when I say that your schools are in excellent condition.

Sincerely yours,

Assistant Superintendent
W.S. Booth

Board of Education,
Elementary School District,
Carlinville, Illinois.

79

Dear Sirs:

November 11th I inspected briefly your elementary schools. County Superintendent Wainite accompanied me. In fact, our time was so short we simply had a very few minutes for each room.

I am glad to say to the board of education that as usual under the leadership of Superintendent Blue we found your schools well organized and we also found good order in all of the rooms. Everything is essentially the same as last year. As I remember you have not quite so many teachers as in previous years but there was no indication of an over crowded condition in any of the classrooms. I congratulate you on the fact that you did not reduce the teachers' salaries.

I hope that some new books may be added to the library this year. Something new should be added each year. It is the new that makes the great appeal to young life.

As usual we found the same fine spirit of cooperation on the part of Superintendent Blue, teachers and children. May the good work be continued.

Sincerely yours,

Assistant State Superintendent
W. S. Booth

January 26, 1936

Mr. O. J. Lumpkin,
President, Elementary School Board,
Carlinville, Illinois

My dear Mr. Lumpkin:

On January 24th, in company with your county superintendent of schools, Mr. Wilhite, I visited your schools. I am sending the following report upon my visit for the consideration of your board of education and superintendent of schools.

Your classes are of good size and were in good order as I observed them. I am very glad that you provide a special supervisor of music and that your pupils have the opportunity to play in an orchestra. Training in music, both vocal and instrumental, is a valuable asset for boys and girls, both in high school and after they leave school.

Your district is to be complimented upon its excellent nursing service. As the work of your nurse was explained to me by Supt. Blue, I am sure her services mean much in taking care of the physical needs of your pupils.

I have the following suggestions for the improvement of your school system:

1. Many of your teachers do not have the two years of training beyond high school graduation commonly considered a minimum requirement for teachers of the elementary grades. In filling future vacancies, I think your board should ask your superintendent to seek competent teachers with the full two years' training. As your financial condition improves, I recommend that you re-establish your policy of asking teachers with less than two years' training to attend summer school each two or three years, and give them a small bonus for such attendance. This is an excellent method to help teachers to keep up-to-date along educational lines.

Also, when vacancies occur in your corps of teachers, I suggest that you consider the advisability of adding some men teachers in your upper grades. It is well

Mr. C. J. Lumpkin - #2

for pupils of the seventh and eighth grades to come in contact with strong teachers of both sexes.

2. Some of the textbooks used in your schools are obsolete and should be replaced with more modern texts. I understand that this means additional expense for the parents, but if not more than one text is changed each year, the expense to any family is small.

3. Your pupil records are not very satisfactory. I have already suggested to Supt. Blue the advantages of a loose-leaf or card system of records.

4. Some of the desks used by your pupils are worn and rough. They should be sanded and treated with a dull varnish that will not give a glare to the eyes. I think a district as large as yours would find it an advantage to own a portable sanding machine which may be used upon desks and blackboards.

5. In the classrooms of your older buildings there is a need for bulletin boards for display purposes. This may be provided at small expense by using celotex or some other porous wall board.

I enjoyed being in the elementary schools of Carlinville and appreciate the courtesies shown me by your superintendent. In my opinion, your community is fortunate in having the same man at the head of both the elementary and secondary schools. I am sure Supt. Blue is familiar with the details of both systems, and is doing much to give Carlinville a unified educational program even though the city has two separate school systems.

Sincerely yours,

Floyd T. Goodier

SANITARY ANALYSIS OF WATER FROM CARLEVILLE (Macoupin Co.) PRIVATE SUPPLY

Source 25° 42' at South Central School, Dist. 4 70

Date collected Sept. 22, 1942

Collected by R. A. Wilson

For _____

Remarks _____

Laboratory No. 22255

Sediment 0

Turbidity 0

Odor 0

Nitrite nitrogen _____

Chloride _____

Bacteria per ml. 200

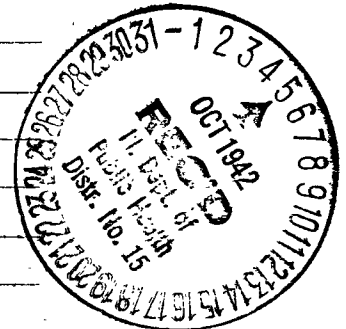

Coli-type bacteria:

In portions of 10 ml.

Presumptive tests _____

Confirmatory tests 2+ _____

Number per 100 ml. (M P N) _____

CONCERNING THIS SANITARY ANALYSIS

The statements on the reverse side are based not only on the analytical results, but also on the description of the source as furnished by you or already on file in this office. It is further recommended as follows:

- (a) If the water is unsafe to drink, abandon the supply for one of known safety or bring the water to a boil before use, until the suggested improvements have made the supply safe.
- (b) If the source is not satisfactory, make the suggested improvements immediately.
- (c) If the water is safe, take care to keep it safe by protecting the supply against contamination.

A laboratory examination of the water has been made to show the presence or absence of waste matter of human or animal origin. If the water is contaminated by surface wash or sewage, then parasitic intestinal worms, amebic cysts or germs of intestinal diseases, such as cause bowel complaint, diarrhea, dysentery or typhoid fever, may be present in the water, thus endangering the health of persons drinking the water. The analytical terms and results are briefly explained as follows:

Physical and Chemical Tests: "Sediment" through "Chloride." A desirable water has an attractive appearance (no sediment or turbidity) and has no objectionable odor or taste. Chemical results are given in parts per million (ppm).

Bacteriological Tests: "Bacteria per ml." indicates the number of microorganisms present in one milliliter (ml.) of water (20 drops) and the number which grew in standard nutrient agar at body temperature (37°C or 98.6°F). These bacteria may not be of intestinal origin and therefore may not be of sanitary importance. Occasionally the test plates are overcrowded so that no bacterial count can be obtained. In such a case the report shows "Innumerable" indicating more than 10,000 bacteria per ml.

"Coli-type bacteria" "Presumptive Tests" "Confirmatory Tests": A water containing bacteria of intestinal origin (*E. coli* and *A. aerogenes*, also known as "coliform" bacteria), if placed in a sugar broth (lactose), will cause fermentation and production of gas in 24 or 48 hrs. By means of further laboratory tests the presence of these bacteria in 10 ml. portions is indicated by a +, their absence by a—. The numeral preceding the sign shows the number of portions giving that result.

Example: 2+3— indicates that two 10 ml. portions of the sample did show and three portions did not show coli-type bacteria present.

After receipt of the sample in the laboratory it requires from two to six days to complete the sanitary or bacteriological analysis.

SIONITI

Report of Attendance and Health Promotion

Name of School Carlinville Ill Dist. No. 72 Macoupin County, Illinois.

ATTENDANCE REPORT

1. Number of truant officers employed; Men one Women one Total one
2. Total amount paid truant officers for the year \$ 22500
3. Number of children that did not attend school during the year as required (Sec. 274, School Law); Between the ages of 7 and 14? none Between 14 and 16? none Total none
4. Number of children arrested and placed in charge of teachers? none Number sentenced by a Court to a delinquent school? none
5. Number of parents or guardians arrested as per Sec. 274, School Law? none Number convicted? none
6. Number of age and school certificates issued to children between the ages of 14 and 16 to remain out of school to work, as required by Sec. 20f, Chap. 48, Hurd's Revised Statutes of Illinois? none

MEDICAL INSPECTION REPORT

1. Number of inspectors employed: Nurses none Physicians none Total none
2. Total amount of annual salary paid to inspectors \$ none
3. Number of pupils examined for physical defects and contagion none
4. Number of pupils excluded from school on account of physical defects or contagion none
5. Number of pupils given treatment by inspectors none
6. Number of pupils referred to family physician for treatment none
7. Number of homes visited by inspectors none
8. Number of conferences held with parents relative to health or physical defect of child none
9. Medical inspection may be divided into four different classes:
 - 1st. Examination for the detection of physical defects conducted by teachers, usually limited to examinations of vision and hearing.
 - 2nd. Examinations conducted by physicians for the detection of contagious diseases only.
 - 3rd. Medical inspections conducted by physicians for the detection of contagious diseases and physical defects.
 - 4th. Includes the first system above and the examination by physicians for contagious and physical defects.

Which system is used in your district and does it answer the purpose and meet the needs of the community?
