Gerry Brooks has been an educator for 25 years, beginning as a third-grade teacher in Palm Bay, FL. He earned his master's in administration and has been an elementary principal for 12 years. Originally using humorous videos to encourage his staff, Gerry has become a national encourager for teachers through social media and speaking events. He is a voice for teachers, but his passion is leading others to be responsible for their own personal climate and culture in the workplace. His book, "Go See the Principal," outlines strategies for taking on this responsibility. Gerry and his wife, Kelly, have 3 adult children and live in Lexington, KY.

“ Personal Climate and Culture ... It's Up to You”  
Gerry uses his videos to develop a strategy for making the workplace a pleasant place where faculty, administrators, and support staff all maintain mutual respect, regardless of personal differences, resulting in more efficient and fulfilled workers. Gerry will share policies that he has incorporated that promote a healthy respectful working relationship even when opinions differ. He will also share ideas that maximize opportunities to get to know staff members and create camaraderie, taking advantage of 15 seconds here and there throughout the day.
