

College & Career Pathway Coordinator

Regional Office of Education #40

Description

The College & Career Pathway (CCP) Coordinator will focus on developing school district capacity to offer College and Career Pathway Endorsements. Essential functions of the Coordinator will be to 1) Assist districts in preparing to implement CCP Endorsements, 2) Serve as liaison between CTE educators and staff, school counselors, social service and government agencies, community colleges and universities and employers within the EFE System to increase work-based learning and dual credit, and 3) Collaborate with educators to identify, incorporate, and embed work-based learning opportunities into both CTE and core coursework. This is a 3 year pilot program to support school districts in Central Illinois Rural Regions in building their capacity to offer the high-quality CTE programming necessary for students to earn College and Career Pathway Endorsements.

Education

Must have a college degree in a Career and Technology related field.

College & Career Pathway Coordinator Responsibilities

1. Identify and address local access and attainment equity gaps related to the student experiences necessary to earn College & Career Pathway Endorsement.
2. Increase the number of districts approved by ISBE to offer College & Career Pathway Endorsement.
3. Increase the number of CTE students attaining a College & Career Pathway Endorsement on their high school diploma.
4. CIRRR assists 12 schools in Calhoun, Greene, Jersey, and Macoupin, travel will be necessary and number of days will be determined by the BOC.
