

TECHNOLOGY INTEGRATION

Think Sheet

Use this sheet to figure out where you are, where you want to be, and how you will get there.

1. Why are you using devices in your classroom?

--	--

2. How will you know if your students' use of the devices increases learning?

--	--

3. What is your teacher workflow in developing lessons that integrate technology?

--

4. What is your student workflow when they use technology in your classroom?

--

5. Where are you on the SAMR Model?

--

6. Where are you on the TPCK Model?

7. Where would you like to be by the end of this school year on SAMR & TPCK?

8. Practice Lesson Development - Use the 9 guidelines to develop a lesson (steps 1- 7).

9. As you think about the rest of the year, what do you need?
