## WHO WE ARE

A program designed to serve out of school youth, 16-24 years of age. YouthBuild is a unique contextualized career pathway program designed to prepare young adults to complete their State of Illinois High School Diploma while gaining skills in construction trades, computer careers, solar installation and welding.

YouthBuild functions as an AmeriCorps network affiliate member. The AmeriCorps component of YouthBuild provides students with leadership opportunities while earning money for education and developing an appreciation for citizenship through service learning activities within the community.

# BUILD YOUR FUTURE HERE.
