February 18, 2027
9:00–11:30 AM
ROE #40 – Carlinville Office

School bookkeepers play an essential role in keeping district financial operations organized, accurate, compliant, and running smoothly. The ROE #40 Bookkeeper Roundtable provides an opportunity for school business personnel to **connect, collaborate, ask questions, and learn together.**

Facilitated by Sarah Healy, Regional Financial Consultant with School Business Services at the Illinois State Board of Education, this interactive roundtable will provide **timely updates, practical guidance, and opportunities** to discuss the financial questions and challenges bookkeepers encounter in their day-to-day work.

Rather than a traditional workshop format, the roundtable is designed to encourage **conversation, problem-solving,** and the **sharing of ideas and effective practices** among colleagues from across the region.

Participants are encouraged to bring their **questions, challenges, and topics** for discussion. Come ready to learn from ISBE, learn from one another, build professional connections, and leave with information and resources you can put to work in your district.

Let's work together to strengthen your school business community!
