Bi-Monthly Reports

It is the desire of this office to give every assistance possible to the teachers of the county. To that end, we have supplied all schools not having local superintendents or principals with blank forms for bi-monthly reports. This will not add materially to the work of the teachers but will keep the county superintendent in touch with the different schools, enabling him to act intelligently when called on by any teacher for advice or help. The extent of co-operation any school may expect from this office depends on the promptness and accuracy of these reports.

Teachers' Certificates.

All persons writing for a second grade certificate must be not less than seventeen and a half years of age. They must have had at least two years of high school work.

All persons writing for a first grade certificate must be not less than eighteen years old and must have had at least six months' teaching experience.

The school law of Illinois requires all certificates to be registered before the applicant begins to teach.

I am asking all boards of directors and all boards of education not to issue any orders to teachers unless their certificates are registered.

Teachers' Examinations

Teachers' examinations will be held in the Central School Building, Carlinville, on Friday and Saturday, November 18 and 19, 1927. Friday and Saturday, March 16 and 17, Thursday and Friday, July 12 and 13, and Friday and Saturday, November 16 and 17, 1928.

Persons writing for first grade certificates must be 18 years old and must have taught six months before the date of examination. Holders of second grade certificates who have taught one year are permitted to take an abbreviated examination for a first grade certificate. The subject required in this examination are English, Algebra, General History, and any three of the following sciences: Physics, Botany, Zoology, Chemistry and Physiology.

In certain subjects the examining board names the texts on which examinations will be based. So far as named, they are as follows:

(1) Pedagogy for first grade and second grade elementary certificate, Bagley's Class-room Management" (MacMillian Co.).

(2) Pedagogy for high school and special certificates, Inglis' "Principles of Secondary Education" (Houghton, Mifflin & Co.).

(3) For examination for supervisory certificate, History of Education, Graves' "A Student's History of Education" (MacMillian Co.).

School Administration, Cubberley's "School Administration." (Houghton, Mifflin & Co.).

Educational Psychology, Cameron's "Psychology and the School." (The Century Co.)

The above named texts will be used as indicated for the current year.

High School Privileges

"Any eighth grade graduate residing in a non-high school district may attend any recognized two, three of four-year high school and his tuition shall be paid by the board of education of the non-high school district in which he resides."

There are three ways by which evidence of having completed the first eight grades may be provided: (1) by a certificate of promotion issued by the home school; (2) by passing an examination given by the county superintendent; (3) by passing an examination given by the high school which the pupil wishes to enter.

Renewal and Registration of Teachers' Certificates.

The Illinois Examining Board allows credits in the renewal or registration of teachers' certificates as follows:

Spelling Contest

Representatives to the State Spelling Contest shall be chosen by means of organized county contests approved by the County Superintendent of Schools.

One person will be selected to represent Macoupin county at the State Spelling Contest. This person will be selected at a contest for spellers to be held in the county superintendent's office in Carlinville, Illinois. on the morning of December 10, at ten-thirty o'clock. Each school will be allowed one representative.

Roy C. Moore, Springfield, Ill., is chairman of the State Spelling Contest. The date of holding this contest and the rules governing same will be announced later.

Writing

The writing in the schools in this county is not being given the amount of attention it should. With the exception of a few city schools there seems to be an attitude of indifference among the teachers as to the appearance of the pupil's paper, when in truth, looks should be on a par with correctness. The adoption of some system of writing is the best remedy for the evil, and the A. N. Palmer Method of Business Writing is the one recommended for use in this county. This system has a **Service Department,** and I ask that every teacher enroll in this service department and every principal and superin-

tendent of city schools who have no system adopted, insist that the teachers under their supervision enroll in this branch. **Fifty Professional Credits** will be allowed teachers who complete the work and receive diplomas. Write to the A. N. Palmer Company, 623 S. Wabash Ave., Chicago, for circular containing details.

Illinois State Teachers' Pension and Retirement Fund Law.

GENERAL INFORMATION

Who should make deductions from the salary of the teacher?

The clerks or secretaries of the school boards that employ teachers who are compulsory or elective **contributors.**

Who are compulsory contributors?

(a) Those teachers who were hired as teachers for the first time after June 30, 1915.

(b) Those teachers from other states who have never taught in the public schools in Illinois—regardless of the length of service in the public schools of other states. Such teachers are classified according to teaching service previously rendered.

Who are the elective contributors?

Those teachers who taught in the public schools or were engaged to teach in them before July 1, 1915, and made application to become contributors.

How much of the salary of teachers shall be deducted?

(a) One dollar per month for the first five months taught after July first of each year shall be deducted from those who belong to the first class.

(b) Two dollars per month for the first five months taught after July first of each year shall be deducted from teachers who belong to the second class.

(c) Six dollars per month for the first five months taught after July first of each year shall be deducted from teachers who belong to the third class.

Upon what basis are teachers divided into classes?

Upon the length of teaching service in the public schools.

Into what classes does the law divide the contributors?

(a) First Class—Includes those who have taught ten full school years or fewer than ten years.

(b) Second Class—Includes those who have

taught more than ten full years and not more than fifteen full school years.

(c) Third Class—Includes those who have taught more than fifteen full school years.

What is done with the money thus withheld?

(a) It, together with the district's annual report, shall be forwarded to the State Treasurer within seven days after the thirtieth of June.

(b) Each contributor to the fund has an individual ledger account in the pension office and is given credit for the amount of his contribution.

Text Books

It is advised that no changes be made in text books this year excepting in arithmetic and grammar as before mentioned. Teachers should use the best possible advantage such books as are of the regular adoption in the several schools. An effort will be made some time during the year to get teachers and directors to agree on a uniform system of school books to be adopted gradually as individual schools may feel the need. Any single adoptions made this year would delay such uniformity five years which by law is made the minimum period of use of a regularly adopted text.

A Working School Library

A Working School Library should contain: First—Books that are easily read and are interesting to the children in the grades for which they are intended. The chief characteristic should be that they give pleasure. They should lure the children to make use of their new found power to read. Story books or books of information in story form are the best.

Second—Books which give the children the information that will help them to do their present work. The textbooks are too meager and dull because of their brevity. They need to be supplemented with attractive books, written interestingly and within the comprehension of the children; books which give illuminating sidelights and stimulate the desire to know more; books which the children will take home and read because they give them what they want to know.

Third—Books of reference in cyclopedic form which contain articles on every subject that is likely to interest a child. The greatest care must be exercised to get serviceable reference books.

THE ILLINOIS PUPILS' READING CIRCLE is an organization created and controlled by the Illinois State Teachers' Association. Its purpose is to make it possible for schools to secure suitable library books as easily as possible and at a cost much less than if purchased in the open market. Every year the Board of Directors selects a list of thirty books suitable to the eight grades. The manager also keeps on hand about three hundred titles that have given the best satisfaction from which schools can select such as seem most desirable.

School Boards Authorized to Purchase Libraries

Section 115 of the School Law of Illinois provides for the appropriation of school funds for the purchase of libraries after the provision has been made for the payment of all necessary school expenses.

SCHOOL HOLIDAYS IN ILLINOIS

Thanksgiving, Christmas, New Year's Day and the Fourth of July.

THE CLOSING OF SCHOOL AND TEACHERS' PAY.

It has been held by the courts that when schools are closed on account of prevalence of communicable disease, the teachers are legally entitled to their pay, if they hold themselves in readiness at all times to teach.

However, if the school is closed in good faith on account of the exposure of teachers to communicable diseases to which the school is not exposed, the teachers must stand the loss of time or make up the same.

POINTS IN SCHOOL LAW

Revenue

Boards of education and boards of directors may levy annually not to exceed one per cent for educational purposes, and three-eighths of one per cent for building purposes, a total of one and three-eighths per cent for both purposes, without referendum.

....BY VOTE OF THE PEOPLE—Boards of education and boards of directors may levy not to exceed one and one-half per cent for educational purposes and not to exceed one-half of one per cent for building purposes, a total of not to exceed two per cent for both purposes, authorized by a referendum.

Only the amount needed for educational and building purposes should be included in the certificate of tax levy. The rate is determined by the County Clerk.

School boards may rent suitable buildings in which to hold public school of the District.

Any person who holds a valid certificate may teach and receive a part of the public school fund.

If a Treasurer makes an illegal loan of school funds he is liable on his bond, even though the trustees approve the loan.

A School Treasurer is prohibited from being interested directly or indirectly in a loan made by the Township Trustees.

It is right for a Treasurer to accept interest from the bank on his daily balances, but it should be turned into the school treasury.

When money belonging to a School District is loaned, the note should be given to the Trustees of the Township as payee, and not to the Directors of the District.

A school order should show on its face the purpose for which it was issued. The kind and quantity

of supplies, the exact nature of the expense, etc., should be named in the order.

All the school levies should be made by the School Directors and Boards of Education at regular meetings and a record kept of such meetings by the Clerk of the Boards.

School Directors and Boards of Education must file their School Tax Levies with their proper School Treasurer on or before the first Tuesday of August.

School Treasurers should file all School Tax Levies with the Couty Clerk on or before the second Monday of August.

It must be borne in mind that each and every requirement of the statute providing for tax levies must be strictly followed or the courts canot sustain the levy.

A certified copy of the resolution providing for the issue of school bonds and levying a tax to pay the same must be filed with the County Clerk. This applies to all outstanding school bonds as well as those issued since this act went into effect, July 1, 1927.

The terms of township treasurer end July 15, 1928, and thereofter terms shall be for two-year period beginning and ending on the first day of July.
